“Missing Piece”

Continued from last week

Several weeks went by. Due to work ethics and memories of when Bill were younger, city hired him full time. Working hard proved to be a help to him for people were calling him, including him in their celebrations. Finally at peace with the situation he had endured and mostly thankful he had buried the note, he began to feel better about himself.

Every once in a while he would notice the man on the note but would walk the other side of the street - - when he saw him in store he would stay out - - did everything possible to avoid him. Eventually the man died and all Bill could say was thank you - don't have to deal with him anymore.

In the process of every day living, working, a young lady came to town, beautiful, talented - - outgoing - - and you guessed it. They dated, fell in love - spoke of marriage - - and in their time together as they spoke of their lives -- Bill of being in prison for a crime he never committed (never mentioning who did it) - - and she - - well he found she was a niece of the man.

Red flags everywhere. Anger surfaced - why - it was buried.

Try though he may, when with Jane, his stomach would churn. When in his home, looking out the window his stomach did flip flops. At work the smallest tool falling on the floor would send him into a rage.

His behavior started to be a problem. Called into the office one day, he was questioned as to what was going on - - they talked, he told them he had been having stomach issued and the suggestion was to see the Doctor.

Appointment set - - examination proved everything okay. Now what - - where to turn.

One morning just before dressing, he had an idea - - that's it - - I'll dig up the note, show it to everyone and they will know I never did what I was accused of - - I'll be free - - doesn't matter now, he's dead anyway - - won't hurt him. Hurried-

ly dressing, he grabbed the shovel and began digging - - there was the note - all together. He picked up the pieces, ran into the house began piecing together - - "I wish I had the - - and pieces all fit together - - there - - he said as he finished taping the pieces together - - read it - - but one piece was missing - - the one with the name - - "No one will believe me - I could have written it" and he ran out dug some more - - but nothing, Bill sat on the bed and cried. What did he think he was doing? He loved Jane, but every time they were together - - old memories crept between them.

Vacation, everyone said. Been working hard, time off, maybe marriage fright, maybe winter blues - - go skiing, fishing - -

Then Bill heard of a place - - that's where I need to go - **choice** made - ticket bought - -

Local Quilters Display Works Based On Popular Novel At The Library

More than a dozen quilters will display their quilts inspired by the book, The Book of Lost Names, by Kristin Harmel, at the Bowman Regional Public Library.

First, each quilter read the book. They met at the library to discuss the book in November. Then they used creativity and their imaginations to create their own unique quilts based on their interpretation of the novel.

The idea for this exhibition was presented to the library by Margie Hande. Margie approached the library after seeing an exhibit based on the book at a quilt show in Oregon. She thought it would be a fun idea to try here knowing the depth of talent found in quilters in our region.

The quilters are from Rhame, Bowman, Amidon, Belfield, and Dickinson.

The quilts will hang in the Bowman Regional Public Library until April 14th. Visit the library at any time during library hours to view the quilts. An opening reception was held on Wednesday, February 16th at 2 PM at the Library.

CRITICAL ACCESS
TOP HOSPITAL 2022
 THE CHARTIS GROUP

JMHCC named Top 100 hospital for second time

Jacobson Memorial Hospital Care Center (JMHCC) in Elgin has been named a 2022 Top 100 Critical Access Hospital. Compiled by The Chartis Center for Rural Health, this annual recognition program honors outstanding performance among the nation's rural hospitals based on the results of the Chartis Rural Hospital Performance INDEX™.

This places JMHCC among the top 100 out of more than 1,300 critical access hospitals nationwide. Only eight hospitals in North Dakota were named to the top 100 list. JMHCC was also named among the top 100 in 2020.

"This is a great accomplishment for JMHCC, and we are proud of this achievement. It is amazing to see what we can achieve as a team, when our main focus is on providing high-quality patient care. I would like to recognize our board of directors, the Jacobson Memorial Hospital Foundation board, leadership, staff and community for this award. It has been a team effort!" said JMHCC CEO Theo Stoller.

"Despite unprecedented adversity, rural providers continue to display resiliency and a steadfast commitment to their communities," said Michael Topchik, with The Chartis Center for Rural Health. "Honoring the Top 100 is one of the high points of our year. We are delighted to recognize the exceptional performance and innovation of this year's recipients, particularly in light of the extraordinary challenges facing America's rural health safety net."

Utilizing 50 independent indicators, the INDEX assesses performance across eight pillars that span market-, value- and finance-based categories. Hospitals recognized as a Top 100 facility had one of the 100 highest overall scores among all critical access hospitals nationally. Over the last 12 years, the INDEX has established itself as the industry's most comprehensive and objective assessment of rural hospital performance.

JMHCC's most recent accomplishments include beginning operations of the New Leipzig-Elgin ambulance service through its ability to enroll in a federal program allowing the hospital to receive cost-based reimbursement to operate an ambulance.

Effective July 1, JMHCC will also expand to 35 beds through that same federal program, the Frontier Community Health Integration Project.

JMHCC also hired a paramedic, expanding the advanced life support care both in and out of the hospital, particularly through the ambulance service. The paramedic is also offering training for first responders and others throughout the region.

The hospital has also recently transitioned to Epic for its electronic health record, effective Feb. 1.

At its 2021 annual meeting, JMHCC reported a continued eight-year trend of sustaining a positive operational bottom line. The strong trend of community support continues in 2022, with more than \$66,000 donated during the one-day Giving Hearts Day, to help in construction of a covered entrance leading directly into the emergency room.

JMHCC is a critical access hospital in Elgin, with a network of clinics in Elgin, Glen Ullin and Richardton.

A Smile is a Choice

A Little Birdie Told Me

By: Vivian Hernandez

A Little Birdie Told Me: "The Only Two Things In Life That are Certain: Death & Taxes." Every year I tell myself, "Next year I'm going to be ready!" January rolls around and I'm scrambling to collect all my receipts, documents and miscellaneous scraps of paper. I'm sure accountants are used to clients bringing a mess of snips & slips of paper with no rhyme or reason to it all. I've often wondered how they do it: My idea of an accountant is someone who pays great attention to detail, is very organized, a place for everything and everything in its place. How do they manage to file through all the stacks of paper, hand written notes, receipts and emails without losing their minds? My guess is they're grey-haired, nail biting, closet alcoholics, not really that would be me getting my tax stuff put together! I've

always thought it so unfair that I'm expected to be somewhat apt at accounting just to keep the IRS at bay but is an accountant expected to be creative? I don't think so!

Does an accountant know to arrange groupings in odd numbers? But I have to know the difference between a business lunch and one for pleasure. I'm still not sure if it's better to be in the "Red" or the "Black!" Obviously that's why we pay someone to do our taxes!

When our kids were growing up one of their favorite Disney movies was Robin Hood:

We can still recite lines from memory. The one that comes to mind today is:

"Taxes, taxes and more taxes, Prince John has taxed the heart & soul out of the people of Nottingham." (Alan-A-Dale The wandering minstrel.) I don't know about you but I feel that way quite often: income tax, sales tax, property tax, vehicle tax etc. etc. etc.!

So what's a poor soul to do?

A Little Birdie Told Me: "Pay your taxes it's the price we pay for living in this great country."

Neal Pinnow For House in South Dakota

Lemmon, SD - Neal Pinnow

of Lemmon, announced that he will seek the Republican nomination for the South Dakota House of Representatives, representing District 28B encompassing all of Butte and Harding Counties and the northern one-third of Perkin County.

Neal was raised on a farm and ranch near Baker, Montana, received a Bachelor's Degree from Dickinson State University and moved to the Lemmon area in 1994. Since that time, Neal has raised a family, taught high school business courses, owns a small business and is very involved in community affairs including 20 years on the city council and as Mayor of the City of Lemmon. Prior to his service in city government, Neal served on the economic development and chamber of commerce boards. During Mayor Pinnow's tenure, Lemmon has become a leader in rural economic development and has

witnessed business expansion a time where many small towns struggle. His service to the community includes membership on the Lemmon Fire Department where he serves as the training Officer and 2nd Assistant Chief.

Neal Pinnow is a small business owner and is the manager and owner of Hausauer Seamless Products, LLC. This business serves the vast trade area around Lemmon and like all businesses in District 28B, is deeply dependent on production agriculture. As a small business owner, Neal is very aware that excess government regulation and taxes can have detrimental consequences to all business owners, wage earners, farmers and ranchers. Neal's business currently employs 11 individuals.

"I enjoy serving the public and have the right experience to effectively represent Northwest South Dakota in Pierre. When the City of Lemmon faced problem in the past decade, we took the problem head on. When a major farm-to-market street in town needed repair, I led the project and cut red tape that involved two states, two counties and the city. By working together, we got the job done and I will take that same experience and ambition to Pierre to fight for agriculture, small businesses and conservative values," states Pinnow.

Neal lives in Lemmon with his wife Lisa, has three grown children and enjoys spending time with his grandchildren.

Reflections on the Words of Life

by Pastor Paul Ferrie, Grace Reformed Church of the Lord Jesus, New Leipzig

In our last study of Daniel we saw that King Nebuchadnezzar had an approximately 90-foot tall statue of gold made, and today we see more about his plan for this golden statue. In Daniel chapter 3 we are told that Nebuchadnezzar invited all the important people from all over the Babylonian Empire to the dedication of his statue. In addition to the vast host of people, there was to be a symphony of many types of instruments playing. Then, as a finale, the entire assembly was to bow down and worship the gold image. Verse 6 tells us, "And whoever does not fall down and worship shall be cast immediately into the midst of a burning fiery furnace."

Now this stringent demand for universal compliance posed no problem for the vast majority of those in attendance. Most of them were loyal Babylonians who were accustomed to giving worship to a man or to a statue. As for those from nations that Babylon had conquered, it was

their theory that the Babylonian gods must have been superior to the gods of their countries, so they had no qualms about bowing to them. And sadly it seems that most of the captive Jews went along with the king's demand. After all, their idolatry was the primary reason why God had sent them into captivity.

Lord willing, we shall see next time that for three young men, worshipping the golden statue was a great problem. For these three men considered that there was nothing more important than loving the Lord their God and worshipping Him alone. They had not violated God's law by eating the king's food, and they were not going to bow to the king's idol.

But to conclude our study today, I'd like for us to consider what our passage teaches us about humanism; for what we see here is actually blatant humanism. Humanism is a blasphemous violation of the first commandment of God found in Exodus 20:2-3: "I am the Lord your God.... You shall have no other gods before Me." It is a clear expression of what Paul describes in Romans 1:25: "Who exchanged the truth of God for the lie, and worshiped and served the creature rather than the Creator." Humanism exalts man and puts him above God. And it is just as prevalent today as it was in the time of Nebuchadnezzar, though it may not involve bowing down before a statue or a person. It is inevitable that when too much is made of people, too little is made of the Lord. Isn't this sometimes a problem with what is called worship today—that it is man-centered and not God-centered? People go to church wanting to be entertained and made to feel good. But what is the most important thing about worship? The most important thing about worship is the OBJECT of worship, and the object of our worship must be God. Worship should be a time of glorifying and exalting Him. Of course, praising God often brings great delight and wonderful feelings, but these are by-products and not the goal of worship. The goal of worship should be that God be given all praise, honor, and glory.

Friends, it is impossible for anyone to worship God without approaching Him through the only Mediator, the Lord Jesus Christ. Jesus said in John 14:6, "No one comes to the Father except through Me." His sacrifice on the cross opened the way for man's sins to be forgiven and his relationship with God restored. Have you personally placed your trust in Christ alone as your Savior? Only those who have done so can truly worship God.

100 CRITICAL ACCESS TOP HOSPITAL 2022
THE CHARTIS GROUP

Critical Access TOP Hospital – Nine -Time Recipient

West River Health Services in Hettinger was recently named one of the Top 100 Critical Access Hospitals in the United States by The Chartis Center for Rural Health for 2022.

"Even though healthcare has gone through tough times in recent years, West River Health Services continues to rise above our peers and our employees and our communities should feel incredibly proud of the work that we do every day," said Matt Shahan, CEO.

"The Top 100 program continues to illuminate strategies and innovation for delivering higher quality care and better outcomes within rural communities," said Michael Topchik, National Leader, and The Chartis Center for Rural Health. "We

are delighted to be able to spotlight the efforts of these facilities through the INDEX framework."

In the last 11 years, the INDEX has grown to become the industry's most comprehensive and objective assessment of rural hospital performance. Based entirely on public data and utilizing 36 independent indicators, the INDEX assesses rural hospitals across eight pillars of performance, including market share, quality, outcomes, patient perspective, cost, charge, and financial efficiency. The INDEX framework is widely used across the nation by independent rural hospitals, health systems with rural footprints, and state offices of rural health, which provide access to INDEX analytics through grant-funded initiatives.

Psalmist reminds us our strength is in the Lord

*Pastor Renee Johnson
Dakota Prairie Lutheran Parish
Bowman Lutheran in Bowman,
Lebanon Lutheran in Amidon,
First Lutheran in Rhame, Bethany Lutheran south of Rhame*

The other morning my devotional reading began with a verse from Psalm 84, "Happy are those whose strength is in you, in whose heart are the highways to Zion" (verse 5). I was struck by this reminder that, indeed, our strength comes from the Lord. In all things and in everything we do, we are happy, enabled, encouraged, and strengthened when we place

our trust and confidence in the Lord and not in ourselves.

But that's not the message the world tells us, is it? We're constantly bombarded with images of rugged individualism, of not needing other people, of standing on our own two feet and pulling ourselves up by our bootstraps. We're flooded with media messages that we can be all we can be if only we have this new car, that new gadget, this fancy insurance, that fresh meal service.

Today, this verse from Psalm 84 speaks calmly and reassuringly, "happy are those whose strength in the Lord." The psalmist continues the verse, saying, "in whose heart are the highways to Zion." When we think of Zion as the image of the fullness of God's kingdom coming into the world, Zion as everything being made new, all brokenness healed and all creation restored to the wonderful way God desires it to be, then we see that is the kind of heart God wants us to have, a heart yearning for and working with God to bring about God's good kingdom right here, right now in the everyday, ordinary moments of our lives. It is a glimpse of heaven on earth. When our hearts are turned toward God then our lives are moving toward God's vision of a world of peace and justice and unity in Christ. Our words and actions become kingdom words and actions and we draw strength from the Lord, who walks with us, guides us, and encourages and lifts us on our journey through life.

May pondering this little verse today, open your heart to more closely following God, and may you draw strength and happiness from your lifelong journey with God.

What I Learned From My Dog By the Owner in Training

*Lesson #3
Tricks for Treats*

It intrigues me to watch and learn the different styles, techniques and some pretty amazing stunts that owners teach their dogs.

Though it is obvious that there are certain dog breeds that were bred for a specific purpose and now it's in their DNA to perform those tasks.

Like search and rescue, guarding and protecting, and hunting and herding are just a few. Though I truly favor the temperament of a Service Dog and all the work and training that go into them.

I recently watched a program about a Labrador, who was trained for those with autism. This dog was truly able to help this young boy come out of his own little world and learn to engage with other children. It was so wonderful to witness. And also to see the developing companionship this young sweet boy finally saw and experienced with his new dog friend.

My dog knows and performs a fair amount of fun tricks and commands, but only if I have a tasty morsel in my hand. If I don't, forget it. No treat. No trick. It's a little embarrassing after I've told my friends what she can do, only to see her staring cluelessly at me like she has no idea what I've asked of her. But when I produce 'The Treat'... well it's game on!

I then have to ask myself, hmmm who's the smart one?

Well, if I'm honest I have to give her the credit for that one. I am the trainer, and I did teach

her that she is rewarded for her tricks. She was following the rules and I wasn't.

In the end a dog is still a dog. They do what they do.

When it comes to real intelligence, we humans are the dominant ones over the animal world. Animals were all created with instincts and their purpose to which they were created for. They never change and they never decide to be something they're not.

It's different for humans. We can reason, invent, create and there's no stopping our abilities to what we want to achieve or do. Have you watched the Olympics lately?

We have the power to choose. We can make good choices or bad choices. Choices to go one way or another. But sometimes there are choices made that make me wonder if some people really are smarter than a dog.

We have higher intelligence but we also have a human nature. And that can be a bit scary. With our choices we can either benefit the world or we can choose to deceive, take advantage or TRICK it.

There are also those out there who pretend to care just to receive the applause, recognition and/or reward. In fact there is a new generation on the rise that think they don't have to do anything for the reward.

We like animals were also created for a purpose, and yes, we were given a choice.

Deuteronomy 30:19 says God set before us a choice of life or death, a blessing or a curse. Ultimately He wants us to choose life and the blessing but it's still our choice.

If you're not sure what your purposes is, go back to your owners manual.

It's God's perfect blueprint for a REWARDING life. The Bible

**BCDC Releases
Childcare Provider
Matching Program**

Childcare shortages continue to be a rising concern not only in Bowman County, but across North Dakota. Offering affordable, quality childcare is a complex challenge ranging from high operational costs to workforce shortages. Childcare shortages directly impact workforce as well as the long-term sustainability of a community's economic development. More parents are choosing to stay home and leave or not enter the workforce due to lack of

childcare availability and rising costs. Many area employers are reporting staff leaving daily or unable to come to work due to no childcare.

According to the 2020 Census, Bowman County has 207 children under the age of five, and 289 children between the ages of five and nine. Bowman County has seven licensed childcare facilities with a capacity for 159 children; however, some facilities operate under capacity due to the inability to staff for higher volumes. A recent check reported no openings in licensed facilities for 0-18-month-olds. This age

group requires a lower child-to-adult ratio, and therefore is more costly. There is also a great need for after school childcare.

Bowman County Development Corporation released the Childcare Provider Matching Program to try to incentivize new in-home group facilities or increased capacity in existing facilities. This program is funded through BCDC's Growth Fund. We are looking into our second available short-term consideration in helping with staffing retention and hiring in existing facilities.

The apparent childcare shortage is complex, without one, defined solution and will require a wide range of solutions. It will involve conversations with key partners including county and city leaders and private sector employers as well as finding ways to incentivize workforce specifically in this industry. We know that results will only come through a combination of strategies.

If you or someone you know would be willing to consider opening a childcare facility, our office would be happy to assist. For more information on the Childcare Provider Matching Program please visit bowman-nd.com/economic-development/financial-incentives/or call Teran Doerr at 701.523.5880.

About BCDC's Growth Fund

In 2021, BCDC made a capital transfer into a fund that will be dedicated to diversifying the local economy, supporting small businesses, recruiting and retaining workforce, creating and maintaining jobs, and expanding the local tax base.

The greatest asset we have for tomorrow are our children. Thank them for how hard they work!

Beginnings

By Kathy Craig Hartels

When I was a little first grade student at Grand Island Elementary in Grimes, Ca. my teacher was Miss Wilsey.

I remember her as being so pretty and so kind. We loved her.

At lunch time she would line us up by the classroom door so that we could say table grace before marching off to the cafeteria. "God is great and God is good. We thank him for this food," we would recite each day. It's a wonderful memory that has stayed with me all of these years.

Can you imagine the turmoil that simple loving gesture would cause today?

Sadly we couldn't do it now.

Years later when I returned to Colusa County, Miss Wilsey, now Mrs. Sankey was still there. Even in her golden years she was still the beautiful woman of my childhood memories.

I read this week that Lila Lee Sankey had passed.

She left behind many former students, friends and family that will miss her dearly.

But, she lived a wonderful life and left a good mark on this earth.

Wouldn't it be nice if we all could leave behind a legacy such as she did?

Yesterday my sister Ann celebrated her birthday. Her daughter Dena hosted a surprise party for her at her Lincoln, Ca. tea room, The Tea Nook.

I saw pictures of the fam-

ily gathered to celebrate and it looked wonderful.

Today is Super Bowl Sunday. I'm not a fan of football so I'm not too excited. However, our Luther League kids sell and deliver Super Subs. They've been doing it since my kids were members. It's a great way for them to raise money and to learn responsibility.

Life is good today.

Dorothy Campbell Rites Held

Long term resident of McIntosh, Dorothy Catherine (Braun)

Campbell, age 95, passed away February 10th at Monument Health Senior Care Center in Sturgis, SD.

Dorothy was born March 10, 1926 in Glen Ullin, ND to Mike and Lena (Bleth) Braun. She then moved to Mandan, ND as an infant. From there, the family moved to the Morristown-Watauga area. Dorothy was home schooled by her mom in the early grades and attended the Watauga school. The teachers kept promoting her to another grade, so she ended up taking two grades a year and finished her freshman year in Watauga. She always said her mom's homeschooling "paid off" for her. She graduated from McIntosh High School in 1945.

Dorothy met Maurice Campbell in 1942 at a dance with live music in McIntosh, SD and their love story began. They always had a love of dancing the two-step, old time waltzes and polkas. On May 29, 1945 Maurice and Dorothy were married in Miles City, Montana. They resided on the Campbell homestead, south of McIntosh where Maurice ranched with his dad. Four children were born to this union, Daryl, Dawne, Mona and

Marla. The three eldest children lived on the homestead and in 1952 they moved to town when Daryl started school and Marla was born.

Determination and persistence were an understatement for Dorothy. She suffered a stroke in 1956, just before her 30th birthday. A cerebral hemorrhage caused paralysis of the right side of her body. She did learn to walk again, but never regained use of her right arm and hand. This did not slow her down. Besides raising her 4 kids, she reported the local news for the Corson County Newspaper until the age of 92. She also wrote articles for the Aberdeen American News. She opened and operated a small gift shop from their home until photography sparked her interest. She opened Dot's Photos capturing memories for area residents; taking senior, wedding, family and children's pictures, all with the help of Maurice. In 1967, Dorothy and Maurice opened Dot's Rec, a youth center for the area kids until 1971. After all her children were raised, Dorothy began helping Maurice on the ranch. She enjoyed running the swather and helping with the cattle, becoming attached to the ranch life. She was also a member of the First Presbyterian Church.

In 2019, Dorothy fractured her leg and moved to Sturgis, SD to be closer to family.

Grateful for having shared her amazing life, one son and daughter-in-law, Daryl and Vilene Campbell of Huron, SD, three daughters and sons-in-law, Dawne and Carrol Grandpre of Rapid City, SD, Mona and Bruce Klatt of Rapid City, SD and Marla and Charlie Blotsky of Sturgis, SD. Also holding Dorothy dear to their hearts are

all of her grandchildren; Jason and Stephenie Campbell, Chad and Kodi Blotsky, Misi Kayl, Dean and Cortina Grandpre, Jeremy and Kattya Campbell, Michelle Gillispie, Duane and Jen Grandpre, Darin and Teresa Grandpre, Traci and Dusty Waldrop, Heather and Jesse Blue, Shannon and Andrew Koupal, and Megan and RJ Royer; Great grandchildren to include Chloe and Aaron Rogers, Salome Han, Taylor Kayl, Grace Campbell, MaKayla Grandpre, Anna Campbell, Ashley Grandpre, Mardelci Han, Caleb Gillispie, Meridien Grandpre, Alyssa Grandpre, Emily Kayl, Chaz Blotsky, Isabella Campbell, Lily Blue, Caelin Grandpre, Sophia Campbell, Dawson Baye, Maeve Campbell, Jackson Campbell, Brody Royer, Rexton Blue, Chase Blotsky, Maddie Koupal, Logan Royer, Brycen Blue, Payton Grandpre, Chord Blotsky, Jaxton Waldrop, Bridger Waldrop, Daxtyn Royer, Connor Koupal and 2 more on the way; great-great grandchildren to include Jack and Hank Rogers; one sister, Fayme Stoltenburg of Clear Lake, SD and many nieces and nephews.

Dorothy was preceded in death by her husband Maurice Campbell, Grandson Shawn Baye and Great-Grandson Brady Koupal; her parents, Mike and Lena Braun, one brother and sister-in-law Richard and Kathleen Braun, one brother-in-law Darwin Stoltenburg; her father-in-law and mother-in-law Robert and Robina Campbell, brothers-in-law and sisters-in-law Rob & Josie Campbell, George and Gen Campbell, Violet and George D. Mitchell, and several nieces and nephews.

The Funeral Service for Dorothy was held at 11:00 a.m. on Thursday, February 17, 2022 at the First Presbyterian Church in McIntosh, SD. Pastor Spencer Allen officiated with burial in the McIntosh City Cemetery.

Serving as Active Casketbearers were Dorothy's grandchildren. Her great grandchildren and great great grandchildren were considered Honorary Bearers.

Cards can be mailed to: Maria Blotsky, 1003 McNenny Dr., Sturgis, SD 57785.

Clarence Elkin Rites Held

Funeral services for Clarence Elkin, 81, of Salmon, originally of Taylor, ND, were held

at 10:00 a.m., Friday, February 18, 2022 Stevenson Funeral Home in Dickinson, ND. Burial followed at Pioneer Cemetery South of Taylor.

Clarence was born February 28, 1940, the son of Alfred and Olinda (Frederick) Elkin. He attended rural grade school and completed high school in Taylor, ND in 1957. Clarence entered the United States Army in 1960 where he served for three years in Korea and Unincez, Italy.

He married Beverly Perhus on June 12, 1964. Together they raised three kids; Kelly born 1966, Brian born 1969, and Krista born 1972.

Clarence and Beverly both attended Interstate Business College in Fargo, ND, worked at home, then moved to Denver to work at a Texaco station. He bought the Standard Oil Co. bulk fuel dealership in Taylor that served the Taylor/Gladstone area. He finished college in 1973 at North Dakota State University and promptly entered the finance industry.

His first job out of college was with Security Bank of Hebron in Taylor, ND and quickly got an offer to work as a loan officer for Production Credit Association (PCA) in 1975. PCA transitioned its name to Farm Credit Services and Clarence ended up working there for 17 years. The locations of work with Farm Credit were Dickinson, ND, Salmon, ID, Alexandria, MN, Bowman, ND, and Twin Falls, ID. Each one of these stops included a lifestyle that centered around ranching or farming.

He remarried in April 1991 to Helen (Tade) Elkin and were together upon her passing in 2019. Lisa and Gary Bonneau are Helen's children. Clarence finished his banking career as President, Chairman, and controlling interest of Summit National Bank in Hulett, WY. They lived in Billings from 2003 to 2020.

Clarence's interests were moving, farming and ranching, travel, collecting tractors, training horses, hunting, fishing, story/joke telling, and land speculation. He was quick witted and enjoyed telling stories about anything with a punch line or humor in it. One liners, short

funny poems, and old historic 'sayings' were his favorites to deliver to anyone who'd listen. Wherever they were located, Clarence and his family raised cattle, sheep, dairy cows as well as produced small grains. He was convinced that the grass was greener on the other side which kept him searching, discovering, and dreaming about the next pot of gold at the end of the rainbow.

Clarence is survived by his two sons, Kelly of Dickinson, ND and Brian (Desiree) of Billings, MT; daughter Krista Ramirez of Billings, MT; step-daughter, Lisa Bonneau of Helena, MT; step-son, Gary Bonneau (Sharon) of Colorado Springs, CO; Beverly (Perhus) Elkin of Billings, MT; grandsons Anthony Ramirez, Jack Elkin, and Brock Elkin, and granddaughter Samantha Ramirez all of Billings, ND; step-grandsons Tyler, Nathan, Blake, Kyle Peterson and Andrew Bonneau; step-granddaughters Ellen and Madeleine Bonneau; brothers Richard (Janet) Elkin, Charles Elkin; and many nieces and nephews.

Clarence is preceded in death by his parents Alfred and Olinda Elkin; wife Helen Elkin; sister Beatrice (Ralph) Messer; sister Inez (Neil) Peters; brother Willy Elkin.

In lieu of flowers, the family suggests memorials in Clarence's name to Billings Christian School in Billings MT or to Badlands Ministries in Medora, ND.

Remembrances and condolences may be shared with the family at stevensonfuneralhome.com

1/4 cup extra-virgin olive oil
 1 medium yellow onion, finely chopped (about 2 cups)
 1 lb. 80 percent ground beef
 Kosher Salt and freshly ground black pepper
 2 cups frozen cut green beans, thawed (8 oz.)
 1 3/4 cups frozen corn kernels, thawed (8 oz.)
 2 - 10 oz. cans condensed cream of mushroom soup
 1 lb. frozen potato tots

Preheat the oven to 350°F. Add the oil to a large skillet over medium heat. Add the onions and cook until soft and beginning to brown, about 15 minutes. Add the beef to the onions and cook until the meat is brown, stirring and scraping the bottom of the skillet to release the yummy brown bits, about 10 minutes. Season with salt and pepper. Transfer the beef and onion mixture from the skillet into a 9-by-13-inch inch baking dish. Scatter the green beans and corn evenly on top. Spread the cream of mushroom soup over top and top with frozen potato tots. Bake uncovered for 1 hour; the potato tots should be golden brown. Serve.

Ramona "Mona" Johnson Rites Held

Ramona "Mona" Johnson, 93, passed away at her home on Friday, February 11, 2022. Graveside services for Mona will be Saturday, February 19,

at 1:00 pm at the Scranton Cemetery in Scranton, ND. Pastor Rob Grunden will be officiating. The public is welcome to attend.

Ramona went home to her lord and savior on Friday, February 11, 2022. A family and friends graveside service is being held on Saturday, February 19, 2022, at 1:00 p.m. at the Scranton Cemetery where she will be placed beside her beloved husband, Wayne and her youngest son, Jeffrey.

Mom was the first of three daughters born to Roy and Ione (Bertrand) Peterson on September 21, 1928. Her two sisters, Gloria and Marlene, were born in 1930 and 1932 and the family of five began their life in Scranton. Mom always reminisced about her younger years living in Scranton as so much fun running/playing with the other town kids. She began dancing in her teenage years attending local dances and carried the love of dance through her life. Many times she talked about how much kids these days miss out on compared to when she was growing up as all the kids got together so much more in groups of friends and had a "grand ole time".

Mom attended school in Scranton and graduated in 1947. Her graduating class consisted of six women who all remained close friends for their entire lives. She went to college at Dickinson for a few months to become a teacher. However, this career choice was not to become her life, as when she returned to Scranton, she married Wayne Johnson and started a career as a homemaker, wife,

mother, helper, caregiver, along with providing for the multitude of other needs that a farm life requires. Ramona and Wayne were married on July 17, 1948 and began their life together on a farm southwest of Scranton along with Wayne's parents, Herman and Vera (Anderson) Johnson.

The marriage was blessed with four children, two girls (Mona and Jawayne) and two boys (Curtis and Jeffrey). Things were tough and money was scarce for many years, but Ramona and Wayne worked hard to raise their children and have a good life. They made many sacrifices but had many celebrations of good times, good friends and close family. The family sold the farm southwest of Scranton and moved to another farm northeast of Scranton in 1963. While it was a move of only 20 miles or so, it seemed like another world as they met and became close to new neighbors and friends. Mom (and Dad) enjoyed the community and the closeness of the many get-togethers and card games. Ramona and Wayne semi-retired in 1996 and moved into Scranton. Mom always said she was a "townie" again (and she really liked it). Ramona loved her life as a housewife and partner with Wayne. They complemented each other, which enabled them to be married for over 64 years, until Wayne passed away in 2012. In today's world, this is a "grand" testimony to their love and commitment. Ramona missed Wayne deeply (something about cold feet and a warm back).

Mom was very close to both of her sisters (Gloria and Marlene). They were always either visiting or talking on the phone to stay current with their lives and their families. Everyone visited each other as much as they were able and family gatherings were always events. Gloria's and Marlene's passing left great sadness and a void.

Two of Ramona's other lifelong friends, Gen Fisher and Bernie Gunther, have continued to be a part of her life, visiting often and attending life's special events such as birthdays. Mom's house was always a place that friends and family just dropped in for coffee, pastries, cookies, krumkake, and good conversation.

Mom loved flower gardening but more than that she loved riding, no speeding, around her yard cutting grass on her John Deere mower. Mom lived alone in her home in Scranton until she was over 90 years old. In 2020, life was presenting too many physical challenges and some assistance was needed. Her family (children, nieces, nephews and grandchildren), her good friend Lois and the wonderful people at Charlie's Angels of Caring all provided assistance and love during these times. Mom loved her family and friends deeply and always wanted them close.

Ramona is survived by her daughters, Mona (Marwin) Stafford and Jawayne (Tom) Sahr, and her son Curtis (Cheryl) Johnson. Her grandchildren Todd Larson, Tami (Doug) Ferguson, Jason Johnson, Bridget (Carl) Miller, Jeff Miodowski, and Kristen Miodowski (Keith Stover). Her great grandchildren (Tami) Zachary and Lucas Ferguson; (Todd) Kirby and Katie Larson (Bridget) Aiden and Kenna Halleen, Kieran and Reagan Coyle, and Masin Miller; (Jason) Miles Kao; (Jeff) Mya and Aria Miodowski, and (Kristen) Faith Miodowski and Kolton Stover. Plus many nieces, nephews, cousins, and great friends.

Ramona was preceded in death by her beloved husband Wayne, her son Jeffrey, her sisters (Gloria and Marlene),

and their husbands (Douglas Deutscher and John Culver); her father and mother (Roy and Ione Peterson); her father and mother-in-law (Herman and Vera Johnson); her brother-in-law and wife (Bryce and Ann Johnson) and her sister-in-law and husband (Yvonne and Ernie Fiene).

There were always teaching moments: Mom & Dad set the example. We all attended church as a family. It set the foundation for Mom choosing Jesus as her Lord & Savior. She believed strongly in God and his promise of forgiveness, salvation and life everlasting in heaven after death on earth.

Ramona was a great mother; grandmother and great-grandmother; a wonderful friend to all who came into her life; she was kind, gentle, caring, and hardworking and loved spending time with friends and family. She was generous with her time and material things, always believing people are what matters. Mom will be missed by many but her memory lives on in our hearts. We celebrate her life every time we do a good deed, help someone in need or just sit quietly reading a book, as these are some of the things she loved to do.

We will see you on the journey that we all take when we leave this world. Until then, remember the love we have shared.

FFA Members Across the Country to Celebrate National FFA Week

Agriculture is part of our daily lives—from the food we eat to the clothes we wear. The week of George Washington's birthday, more than 700,000 FFA members will celebrate the role agriculture plays in our lives while sharing the message of agricultural education as part of National FFA Week.

National FFA Week is a time for FFA members to host activities that raise awareness about the role the National FFA Organization plays in the development of agriculture's future leaders and the importance of agricultural education.

National FFA Week always runs Saturday to Saturday and encompasses Feb. 21, George Washington's birthday. This year, the week kicks off on Feb. 19 and culminates on Feb. 26. The National FFA Board of Directors designated the weeklong tradition, which began in 1948, in recognition of Washington's legacy as an agriculturist and farmer. A group of young farmers founded FFA in 1928, influencing generations that agriculture is more than planting

and harvesting — it involves science, business and more. The organization's mission is to prepare future generations for the challenges of feeding a growing population. Today, FFA continues to help the next generation meet new agricultural challenges, develop unique talents, and explore a broad range of career pathways. Today's FFA members are tomorrow's future biologists, chemists, veterinarians, engineers, and entrepreneurs. National FFA Week is a time for FFA members to share agriculture with their fellow students as well as their communities. Bowman County FFA members are the leaders of tomorrow. They strive to be well-mannered, perceptive and willing to help others through community service. They are success-oriented students who are driven to achieve their goals. FFA gives many young people an important push to consider their futures- what kind of people, citizens and professionals they intend to be. FFA builds leaders, and leaders impact the future.

Bowman County FFA Member Receive North Dakota and National FFA SAE Grants

This year's ND Supervised Agricultural Experience (SAE) Grant winners had 23 members that each received a National SAE Grant of \$1,000. In addition, 14 members that each be received \$1,000 SAE Grant from the ND FFA Foundation. Our members will be investing \$37,000 in their agriculture opportunities. Congratulations to the well deserving students.

Bowman County FFA member, Dillon Bowman, received a \$1,000 grant through the ND FFA Foundation and an additional \$1,000 SAE grant from the National FFA Organization. Dillon's SAE project is in the area of Beef Production. Dillon Bowman is the son of Eric and Andrea Bowman of Rhame. Dillon plans to use the funds for expanding his current herd of Black Angus cattle. Dillon plans to purchase additional equipment to help with long term breeding and selection of his own herd.
