Miss North Dakota 2022

Daughter of Scott & Brenda Kast (Minot, ND)  
Granddaughter of:  
Byron & (the late Barb) Olien (Mott, ND)  
Adrian & Shirley Kast (Bismarck, ND  
formerly of Hettinger, ND)

Pastor Joe stood by the window - - what am I going to tell my congregation this week - what can I talk about when all we see is snow - -. Sat down, opened his computer, about the begin when cell phone rang interrupting all thoughts.

“Pastor Joe, Pastor Joe - - I need help,” said the voice on the other end. “I’m tired of snow - I don’t know what to do? My cattle are about to calve - all I do is clean the yard, help kids get to school - - plow out one day, it snows that night then it’s the same thing over and over.”

Pastor Joe just listened. The voice continued - - “Then to top all things off - - it used to be easy cuz I was mad at my neighbor, he did something to me many years ago, so when it snowed I just laughed at him when he had to shovel by hand - no way would I help him. I thought it’s good for you - what you did to me - well you deserve everything.”

The voice would not stop. “Then last week I heard people talking about burying yesterday and you helped - - so I decided maybe it was **time** for me - - so” - - the voice quieted down slightly - - then continued - -. “Anyway I went out dug a hole and buried my anger at my neighbor - - it felt so good - - so right - - I felt like I lost hundreds of pounds. Then the snow - - well I tried digging a hole - - burying my frustration with the snow - - Pastor Joe but it keeps coming back - - Pastor Joe - what can I do?” and the voice was silent.

Pastor Joe took a deep breath for he too had been feeling the frustration of all the happenings in his community, plus the world turmoils - - his Sunday topic was going to be about these topics. So he began - - not knowing he was really giving his Sundays sermon and by now he recognized the voice.

“Bill, take out a piece of paper - - sit back

in your big chair - - now write down everything I tell you - - California, Ukraine, New York, Cancer patients, Snow storm.” “Slow down,” hollered Bill. “Farmers, truck drivers, store owners, hospitals, nurses, Dr’s., friend, enemies, Texas, North Dakota.” - - Pastor Joe stopped. “And now sit and write whatever/whoever comes to mind - - then call me back.”

The cell phone rang again - - “Now what Pastor Joe?”

“Ok, Bill, you have identified many others who are important to you. When you are wondering about all the snow, what to do, just remember all the people you have listed are thinking the same things - - what do I do in this situation - - then just ask God to bless them and you will be surprised Prayer does marvelous things. - -.”

May we too, sit for a few moments and pray for Gods Blessing on our family, friends, communities, states and world. Remember - when we think of others, our lives seem pretty good. For now, have a fun **time**, watching/shoveling/plowing.

To be blessed with such a wonderful support system in our journey, makes us feel Very Blessed. We all have life challenges and small communities help you to meet them head on. A friend told us his brother was very ill, and the family felt all they could do is Pray, a Priest quickly replied, Prayer is not all you can do, it is the VERY MOST you can do. Blessings to you all.

### Rich Man, Poor Man

"I wish I were rich enough to be what  
I really wanted to be," sighed a man to  
his friend.

"What's that?" his friend asked.  
"Rich."

### Reunion

By Kathy Craigo-Harteis

Since I've got a high school  
reunion coming up in May, I've  
been doing some searching  
in hopes of finding our school-  
mates.

It's for all Pierce High  
School graduates 19?? - 1966.  
Ironically my class (1966) will be  
the youngest ones there. That's  
pretty funny considering how old  
we are now.

I've been looking through  
my yearbook and wondering  
about old friends. I know where  
several of them are, but others  
are lost to me.

I've come up short on inter-  
net searches. I keep hoping that  
word will spread and somehow  
more of the alumni will show up.  
Sadly my yearbook search also  
revealed far too many of our  
classmates have passed.

When you are in high school  
it feels like you will live forever.  
You'll always be young. Appar-  
ently that isn't true.

Along the way there are

small changes. As time moves  
on the changes become more  
evident.

With age comes wisdom,  
but it also comes with wrinkles,  
pains and aches. It's harder to  
do things that used to be easy.

I do like the wisdom growth  
though.

We've all learned life les-  
sons. With any luck at all we've  
retained that knowledge and  
have been able to impart some  
of it to younger people. With  
more luck, they have actually  
listened to us.

Again I say the key is to  
keep moving. Don't sit down  
and wait for age to come to you.  
Life is good today.

## Prayer

### Prayer to the Blessed Virgin (Never Known to Fail)

Oh, most beautiful flower of  
Mt. Carmel, fruitful vine, splen-  
dor of Heaven. Blessed Mother  
of the Son of God, Immaculate  
Virgin, assist me in my neces-  
sity. Oh Star of the Sea, help  
me and show me you are my  
Mother.

Oh Holy Mary, Mother of  
God, Queen of Heaven and  
Earth. I humbly beseech you  
from the bottom of my heart  
to succor me in my necessity  
(make request).

There are none that can  
withstand your power. O Mary,  
conceived without sin pray for  
us who have recourse to thee  
(three times).

Holy Mary, I place this prayer  
in your hands (three times).

Say this prayer for three  
consecutive days and then you  
must publish and it will be grant-  
ed to you.

Grateful thanks.

How many songs or hymns have been written over the centuries? I doubt if there is any internet search engine that could accurately answer this question. Songs and hymns continue to be written today, as they have been for years. The music industry can testify to this fact, whatever genre you want to consider. New and old songs and hymns are a part of life. Some become popular and well-known while others not so much.

The first song mentioned in the Bible is referred to as the "Song of Moses" found in Exodus 15:1-19. The song celebrates the LORD'S deliverance of the nation of Israel from the army of Pharaoh. And then, just two verses, later Miriam also sings a song of deliverance to the LORD. Yes, songs and hymns have been and always will be a part of our lives.

What I find interesting and

inspiring, therefore, is the number of songs and hymns that are based on scripture, the Word of God. Hymns such as: "Shall We Gather At the River" (Revelation 22:1), "A Mighty Fortress Is Our God" (Psalm 46), "Amazing Grace" (Ephesians 1:7), and "Silent Night" (Isaiah 7:14), to name just a few. Scripture, the Word of God, has been and is the inspiration to sing praises to God.

One song that comes to mind I first heard when I was a teenager, years and years ago. The lyrics to the song were written by Pete Seeger and Jim McGuinn, lead guitarist of the band, "The Byrds", wrote the arrangement that eventually became an international hit in late 1965. The song title is "Turn! Turn! Turn!" also known as "To Everything There Is a Season." The song is based on Ecclesiastes 3:1-8.

The lyrics are:  
To every thing there is a season, and a time to every purpose under the heaven:  
A time to be born, and a time to die; a time to plant, a time to reap that which is planted;  
A time to kill, and a time to heal; a time to break down, and

a time to build up;  
A time to weep, and a time to laugh; a time to mourn, and a time to dance;  
A time to cast away stones, and a time to gather stones together;  
A time to embrace, and a time to refrain from embracing;  
A time to gain that which is to get, and a time to lose; a time to keep, and a time to cast away;  
A time to rend, and a time to sew; a time to keep silence, and a time to speak;  
A time of love, and a time of hate; a time of war, and a time of peace.

The verses of Ecclesiastes 3:1-8 may not be in the exact order as in scripture, but each verse is a part of the song. One interesting sidebar to the information found is, "Since Ecclesiastes is traditionally ascribed to King Solomon in the 10th century BC, the Byrds' 1965 recording of the song holds the distinction in the U.S. of being the number 1 hit with the oldest lyrics." (This information is from "Turn! Turn! Turn!—Wikipedia).

Scripture, the Word of God, inspires our lives like nothing else can do. God's Word makes us smile. God's Word helps us through the hard times in life when darkness seems to consume us. God's Word tells us the story of God's love made known to the world in God's only Son Jesus the Christ. God's Word is our inspiration in oh so many ways. Read God's Word and be inspired.

Don't hang on to the past, because then you will never celebrate tomorrow.

I got really busy last week and, forgot to write anything! DUH! Well, anyway, politics and taxes has been in the news it seems like forever and, I'm just sick and tired of hearing elected federal officials pretend like I'm too stupid to understand that our economy is in a mess right now and, it is reasonably likely that they caused it by letting this virus loose on the rest of us.

At this point, all of the hysteria aside, what I was always taught was, "Lets fix the problem, not the blame." And, the problem is that we are all hemorrhaging money and, it doesn't matter whether officials call it a tax, a fee or just inflation caused by a pandemic. It's all coming out of our pocket to the tune of \$32 trillion+ and, it shows no signs of stopping. Why? Stop talking about it and fix it!

Or, when did we decide the skin color (not character) merited some sort of special consideration? It's time to stop this divisive rhetoric and actually force these bean counters to stop the bleeding for "equity" and just get the cost of living for everybody back under control. I don't know about you but, living day-to-day on borrowed money is just not a wise fiscal strategy for anyone.

And, I don't understand why Washington can't understand that concept. I think our county and cities do a pretty good job of managing the money. I mean we've been hammered by snow in Hettinger County this winter but, at least in Mott and the surrounding areas, it looks like none of us had to hire a bob-sled or other exceptional means of getting to and from. We all worked together for the common good. Why is it that the other areas of our country can't pull that off?

We have serious problems in this country right now starting with paying the bills, self-defense, property rights and child safety. If we can't prioritize these fundamental "rights" then does freedom of speech or assembly really have any value? Listening to the former talking head in Chicago blame store owners and citizens for property crimes is a really bad idea and, I believe that recall is at least a step in the right direction. Since when did victims become the problem? The fundamental purpose of government is to keep us safe. Not indemnify ridiculous spending habits. And, I really think it would help a lot if the federal government should just come clean about the PANDEMIC and how that was handled. Let's face it, the last 3 years is not our typical, free way of life and, I really don't think any of us wants to see a repeat performance, do you? Have a great week and lets all pray that one step in the right direction keeps on stepping.

### Wordsmith

Every occupation has its own language or words. A mother asked a kindergartener what he like best about his first day in school and he replied, "Lunch."

From the Spanish, longja it meant a thick piece of ham. Then this highborn Englishman named John Montague came along who preferred gaming to dining. He was the Earl of Sandwich (1718-1796) He ordered his meat to be served to him between two or more slices of bread with cheese, fish, or meat. Thus many a conversation revolved around eating your bread and playing games until the word sandwich became a name on a menu we use today, 400 years later. Instead of 'Burger King' or 'Wendy's' we could have 'Sandwiches by Earl.'

A sewer rat has become a Sanitary Engineer. I wonder what they talk about over lunch?

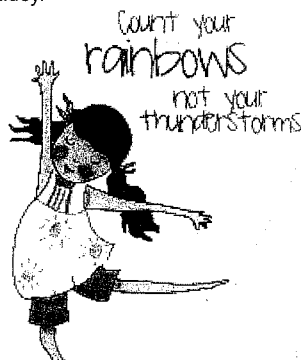

A miller (Middle Eng.) is a man who runs a grain mill. The moth that becomes the cutworm in your garden is called a miller because his wings are powdered like the man who runs

the flour mill. The dust caused by grinding the grain caused a lung disorder that brought about death. That must be where the expression (spoken by a distressed person) "I've been through the mill!" came from.

A mill is 1/10th of a cent. Maybe that was minimum wage for the miller. He probably talked about mill stones, millwrights (the guy who repaired the mill) and millet. Do you suppose that when his wife washed his clothes that the hot wash water turned to gravy?

Funny how the word 'gravy'

came to refer to illegally obtained money. The original word was from any sauce poured over meat. The word 'pass' means to go on by, so when you say, 'pass the gravy' does that mean it will go by you and you won't get any? However, if two thieves got in an argument about how to split the 'gravy' somebody is bound to get saucy.

DATED THIS 10TH DAY OF MARCH, 2023

Cathy Ebert

Director of Tax Equalization

Thoughts for the Week

by June Schmidt

Saw a recent article on the popular Social Media site that lists some things that particular author says that are obsolete in this day and age. Here are a few of them and my opinion on their take.

Marriage, according to them, is as follows: In a more generally liberal society, there is often no real justification for the institution of marriage to the modern generation. Well, it is an opinion, but why do I think it is wrong? Marriage, in my opinion is the joining of two people in a common goal, that have made a contract in love and before God and/or the world to commit to building a life together. Whether it is for raising a family or not, is not the full basis of the commitment. It is

because two people decide that their lives are better together and they want to build on this so that they can share the time they have in this world. It's not because its something to do and that if it doesn't work out we can move out like roommates, its because they want to share everything with someone special. Sure there are gonna be times that it gets hard and sometimes things don't work out, but its not for lack of trying. Sometimes its because the person you married didn't really share your values or vision for the future, or that they got sidetracked by something or someone else, but they did give it a try.

Balancing a checkbook is no longer necessary: Many millennials don't have the first clue what balancing a checkbook actually means. I guess that I can understand that banking has

changed, and possibly you don't have to know how to balance a checkbook, but everyone should have a basic idea of finance. If you have \$10 in your pocket and what you want costs \$15, it used to be that you could not afford it, so either you went without it or you went to earn some money to buy what you want. Nowadays since every bank offers credit cards and there are multiple places that give you payday loans or advances, what this appears to be teaching these millennials is that you don't need the money in your hand to buy anything. Just charge it and pay for it later, even if the going interest rate is horrible. What are we telling our kids? That its ok to go into debt just cause they want something? Is this not wrong? There are a few apps that offer programs to kids to teach them how to spend, but its not any-

thing that is taught at a young age as it was when I was small. How many children or teens can make change if the machine or their phone does not tell them the right amount.

Traditional Grammar: According to research, fewer and fewer people are using correct grammar as its getting lost in the sands of time. Well, with the advent of texting, there are a lot of people that no longer use full words or sentences, which is true. However, this can lead to misinterpretation of meaning and sometimes downright errors resulting in embarrassment and in the worst cases hurt feelings for no reason. Unless the person you are texting understands and speaks the same way that you do, how do you know that what you are attempting to say is being received how you wanted it to be. And if you wish to

communicate with the world of business, since it does not deal in text speak, you do need to know and understand how to complete a proper sentence. Sure you don't need to break down a sentence in the same way that we had to do when I was in school, but there is nothing wrong with understanding how it works if you want to accomplish something in this world.

There were a few others that I did not agree with, but it is also just the readers opinion. Some I did agree with as I am realistic in the fact that times change and people must change what they do to accommodate those changes.

Every generation wants to change what our parents teach us, but surprisingly enough, the basics of life do not change. As much as we did not like what

we were taught when we were little, so the children of this age do not like to be told what to do. However, when we grew up we found that many of those things we were taught appear to be actually the right thing to do. Hopefully those that disagree with us, once they grow up will see that the more things change, the more that they stay the same and maybe, just maybe we did know what we were talking about. God bless you all.

- If God gave the choice of the whole planet or my little farm, I should certainly take my farm.

Anyone who stops learning is old, whether at twenty or eighty. Anyone who keeps learning stays young.

## Dustman, Wolff & Hruby Receive WRHS Foundation Employee Scholarships!

By Ted Uecker,  
WRHS Foundation

West River Health Services Foundation, the nonprofit 501 (c) 3 organization, who conducts fundraising and development services for West River Health Services (WRHS) and Western Horizons Living Centers (WHLC), selected its "Employee Scholarship" recipients for 2022-2023. Employees Talia Dustman, Teresa Wolff and Holli Hruby were selected to receive scholarships to further their ongoing education.

Talia Dustman has been with WRHS/WHLC for almost six years. She started her career with WRHS in the Accounts Payable position for one year. The last five years, Talia has been the Business Officer Manager at Western Horizons Living Centers. In August, 2020, Talia decided to go back to school online through Black Hills State University to acquire her Bachelor's Degree in Accounting and to possibly obtain her Nursing Home Administrator's license. She is currently taking courses online while working at the same time. Talia is active within the organization, as she chairs the Fun Run & Walk Committee and also is an influential part of Employees First. She has been

part of these committees for the last five years.

Teresa Wolff has been a Certified Surgical Technologist with West River Health Services for the last six years. She and her husband, Trevor have four children. Teresa is currently enrolled in the Bismarck State Nursing Program here at West River Health Services. Under the guidance of Jennifer Seamands, Teresa hopes to acquire her certificate in practical nursing this year and then continue on to acquire her Associates of Science Nursing degree, while passing the NCLEX exam and then acquire her Registered Nurse license. She hopes to continue caring for patients in the surgical department as well as in other WRHS departments if the need arises.

Holli Hruby is currently attending NDSU - Bismarck Campus and working toward her Registered Nurse license. With hopes to attain her degree in December, 2023, Holli has already been working part-time

on weekends and holidays on the Med-Surg floor at WRHS. Although Holli has spent eleven years as a Sergeant in Flight Operations with the North Dakota Army National Guard, she is leaving the Guard later this summer. Holli started her healthcare career as a housekeeper, and has since been an active caregiver as both a CNA and CMA.

Five members of the WRHS Foundation Board of Directors reviewed and scored all of the applications. Then the applications were reviewed and final selections were made by CEO Alyson Kornele, Dr. Mark Kristy, and Ted Uecker, Fund Development Officer.

Thank you to all of the applicants and employees at West River Health Services and Western Horizons Living Centers. And thank you to our loyal donors who give to our Scholarship Program. Our WRHS Foundation is proud to invest in our own. Onward!

## Dr. Lisa Katheryn Henderson Rites

Dr. Lisa Katheryn Henderson passed away February 25, 2023 at the West River Regional Medical Center in Hettinger, ND at the age of 53.

Gathering of Family and Friends with a time of sharing was held Monday, March 6, 2023 from 4:00 to 7:00 pm at the Centennial Chapel of Evanson Jensen Funeral Home in Hettinger, ND.

Memorial Mass of Christian Burial was held at 10:30 a.m. MT on Tuesday, March 7, 2023 at the Holy Trinity Catholic Church in Hettinger, ND. Fr. Raphael Obatama and Deacon Mike Mellmer officiated. Fellowship and Lunch followed the Mass at the Holy Trinity Catholic Church.

The service was live-streamed and was viewed here on the obituary page at [www.evansonjensenfuneralhome.com](http://www.evansonjensenfuneralhome.com)

Lisa Katheryn Brettin was born on October 24, 1969, in Hettinger, North Dakota. Lisa was the first of two children born to Douglas and Margaret (Marion) Brettin. Margaret was home while Doug served in the Vietnam War. Upon Doug's honorable discharge stateside, the family lived mostly in the Mound, Minnesota area.

From the age of 7, Lisa knew that she wanted to be a veterinarian. Her best friend Holly can attest to that since their friendship began at that tender age. Lisa ultimately accomplished her goal with hard work and dedication. She attended undergraduate school at the College of St. Benedict and then completed her Doctor of Veterinary Medicine at the University of Minnesota. Upon graduation, Lisa began her professional career at the Hobart Animal Clinic in Hobart, Indiana. There, owner and colleague Dr. Harold Thompson quickly became both a valued mentor and a friend for life.

On New Year's Eve 2000, Lisa met her husband-to-be Wade Henderson while visiting family in Hettinger. For Wade it was love at first sight. Lisa's smile and laughter sealed the deal. The fact that she was funny, caring, and loving was a bonus. In 2002, Wade and Lisa were united in marriage and moved to their ranch near Lodgepole South Dakota. Lisa happily became stepmother to Jamie and Jordan. She embraced this role, carefully giving

each new relationship time to flourish and sharing with pride their accomplishments.

Lisa also continued her lifelong passion, practicing at the West River Vet Clinic and happily sporting a vehicle licensed PETVET. Lisa was instrumental in the clinic's growth. She eventually became a co-owner, helping the clinic expand and build a new location to better serve the community. Above all else, Lisa was dedicated to the care of her clients and their owners. Difficult cases fascinated and energized Lisa. For her, the practice of medicine was both a science and an art.

Lisa was a remarkable person who made an impact on countless others. Lisa took great joy in treasured friendships formed with clients, vet crew, and colleagues. Everyone that made her laugh had a special place in her heart. Everyone that showed kindness was a blessing. Lisa also felt blessed by family both nearby and distant. It was so easy to reunite, Lisa often said that con-

versations with family never end – they are just sometimes on pause.

Lisa suffered a severe stroke on February 12, 2023. She was lovingly cared for by the medical staff at Sanford Hospital in Bismarck and WRHS in Hettinger, North Dakota. She died February 25, 2023 while Wade held her hand, blessed by each moment he spent with her.

Left to mourn her loss are those who will miss and love her forever, including her husband Wade, parents Douglas and Margaret Brettin, Palm Harbor, FL, stepson Jamie (Kira) Henderson, Lodgepole, SD, stepson Jordan Henderson (significant other Claire Castle) Dallas, TX, mother-in-law Jeanne Henderson, Hettinger, ND, sister-in-law Pam (John) Hericks, Eden Prairie, MN, brother-in-law Mike (Christa) Henderson, Sioux Falls, SD, sister-in-law Katie Brettin, Minnetonka, MN, niece Margo Brettin, Minnetonka, MN, grandsons Paxton and Kellen Henderson, Lodgepole, SD, along with numerous, nephews, aunts, uncles, cousins and many, many friends.

Lisa was preceded in death by her grandparents Claude and Geraldine Marion, grandparents Ervin and Lu Vern Brettin, brother Brian Brettin, cousin Tom Bendel, father-in-law Darrell Henderson and uncle-in-law Mike Bendel.

In lieu of flowers, a Memorial will be established by Lisa's family.

Condolences to the Henderson family can be sent through out website at [www.evansonjensenfuneralhome.com](http://www.evansonjensenfuneralhome.com)

## Len Gottlieb Hofer Rites Held

Piedmont, SD - Len Gottlieb Hofer of Piedmont, SD and formally of Meadow, SD died February 27, 2023 at Monument Health in Rapid City.

Len Gottlieb Hofer was born January 30, 1942, to Emil and Anna (Adamek) Hofer in Lemmon, S.D. He was the oldest of two brothers. Len was raised on his family's Twin Butte Ranch east of Meadow, S.D. which was settled by his grandfather in 1916. He met Darlys Lowe, and they were wed on March 12, 1966. Len & Darlys ranched

with his parents on the Hofer family ranch until eventually taking it over. He attended Black Horse Creek and Twin Butte Country Schools. He at-

tended Lemmon High School and finished at Brookings, S.D. School of Agriculture in 1961. He attended one week of school in Colorado with several neighbors to learn to do their own vet work. Son Doug came along in 1967 and Kim in 1970. Len loved his kids and did whatever he could do for them. Len was active in the Black Horse Saddle Club that his parents and many neighbors originated.

Len and his younger, but much taller, brother Duane were very close. They both enjoyed the love of rodeo. Len rode cows in his younger years, team tie-down roped, tie-down calf roped, team roped and in the most recent years, senior men's breakaway roped, throughout his lifelong rodeo career. Len made many friends throughout the surrounding states through his love of rodeo. His good horse Bugs won Horse of the Year awards that he was very proud of. He had many horses throughout his life but loved Bugs exceptionally. Darlys held down the fort, watching cattle and doing the field work so Len could rodeo and enjoy what he loved. Len was a great roper and teacher, as Doug and Kim roped and competed. Len and Darlys were honored with being the 2022 Boss Cowman Honorees for the Lemmon, S.D. Boss Cowman Celebration. This meant so much to both of them. Len loved people, socializing, and having a good time. He had great mental, spiritual and phys-

ical strength.

Len kept a firetruck at the ranch from the Glad Valley Fire Department. He was physically and mentally tough and would be gone for two days straight fighting fire if need be. He was a member and director of the Grand River Grazing Association and was proud of this. Len and Darlys were part owners of Lemmon Livestock in the 80s. Len and Darlys retired and sold the ranch in November 2011. They moved to a small acreage in Piedmont, S.D. Here they made new friends and lifelong friends would visit frequently. He became popular in the community for his willingness to help and problem solve, so neighbors frequently contacted him for support. He and Darlys transferred their membership from the Indian Creek Lutheran Church to the Piedmont Valley Lutheran Church once they moved. They were active members and Len was a director. He grew close with neighbors across the road, so with his love for socialization, he would visit frequently, enjoy baked goods and Darlys would join regularly to play cards. Friends and family liked to tease him about his discovered love of Pizza Ranch chicken drummies and their desserts.

Len is survived by his wife of 57 years, Darlys Hofer; son, Doug Hofer; daughter Kim Hofer; and his grand puppy Taz that loved him so much. His brother Duane, his wife Frankie, and their daughter Krista Hofer. Duane was with his brother routinely during his hospital stay. As well as numerous extended families on both the Hofer and Lowe side of the family.

Funeral services were held at 11:00 am Friday, March 3, 2023, at the Piedmont Valley Lutheran Church with Reverend Sonja Pilman officiating.

A second service was held at 11:00 am Saturday, March 4 at Indian Creek Lutheran Church near Meadow with Reverend Harold Delbridge officiating. Interment followed at the Galloway Cemetery in Meadow.

A memorial has been established.

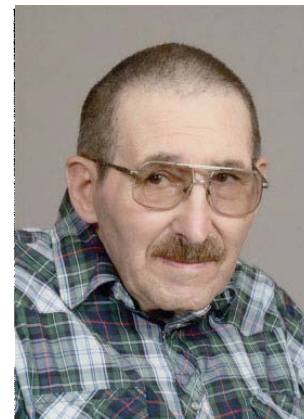

The funeral service on Friday was live streamed over WestRiverFuneral.com.

Friends and family may sign the online guest register and leave written condolences for the family at WestRiverFuneral.com.

**Be sure to read the obituaries - they are stories that inspire - although passed on they leave a legacy of inspiration. May we follow their examples.**

language and culture He adapted traditional rituals into his lessons of Christianity. The Irish used fire to honor their gods so St. Patrick used bonfires to celebrate Easter. The sun was also a powerful native symbol; Patrick superimposed the sun into a Christian cross and created the Celtic cross.

Patrick was not so popular with the local Celtic Druids and was imprisoned several times. His missionary work led him to travel extensively across Ireland where he established monasteries, built churches and schools.

St. Patrick used the three-leafed shamrock to demonstrate how The Father, The Son and The Holy Spirit - The Holy Trin-

ity could be three separate Persons and remain One God. The custom of wearing the shamrock on His Feast Day continues to this day. After 40 years of spreading Christianity in Ireland St. Patrick retired to County Down and died on March 17th in 461 AD.

## A Little Birdie Told Me

By: Vivian Hernandez

A Little Birdie Told Me: "St. Patrick the Patron Saint of Ireland Was NOT Irish!"

St. Patrick was born Maewyn Succat to wealthy parents around 386 AD. "Patrick's birthplace is in fact debatable, with many believing that he was born in the still Welsh-speaking Northern Kingdom of Strathclyde of Romano-Brythonic stock, at Bannavem Taberniae. Others consider his birthplace to be in the south of Wales around the Severn estuary, or at St. David's in Pembrokeshire, the tiny city of St. David's sitting directly on the seagoing missionary and trade routes to and from Ireland."

At the age of 16 he was kidnapped by Irish marauders and sold into slavery along with many thousands of people. He

spent six long years as a shepherd in Ireland, isolated and alone. According to his writings, a voice spoke to him in a dream telling him to leave Ireland. Patrick escaped his captors and walked some 200 miles from County Mayo to the Irish Coast.

Patrick experienced a second revelation when an angel appeared to him in a dream telling him to return to Ireland. Patrick traveled to Gaul and studied to be a priest under Germanus Bishop of Auxerre. After 15 years his studies concluded and he was ordained a Catholic Priest in 418 AD and later ordained a Bishop in 432 AD.

Now Fr. Patrick returned to Ireland, he joined other missionaries with the intent of converting the native pagans to Christianity. St. Patrick is credited with converting all of Ireland to Christianity. Having lived in Ireland he was familiar with the

## The Great Catch

A true story of recent history by Gayla Piroutek

Just as Dan Piroutek hit the recliner to raise his legs,

he heard the "Snap!" That little beast had been captured.... or so he hoped. He had been disappointed before. Out of the chair and down the basement steps. Success! He had finally out-tricked the creature. No, it was not a mouse. The skinny ball of fur looked afraid, huddled in the corner of the live trap cage. "Perhaps he should just stay in that trap awhile, to learn that he shouldn't be in our house," thought Dan. "Or maybe, I should just set the cage outside in the snow, and leave him for a bit." His thoughts were paused, as the phone rang.

**Prologue:** We live in a typical, old, large farmhouse, right in the town of Milesville, but surrounded by barns, old buildings, farm animals, and haystacks. When the house was built in 1932, the concrete basement was poured on two separate days. The method was to put some concrete in all four wall frames on the first day. The concrete was not even leveled. The rest of the concrete was poured another day, making for a huge, irregular crack in the middle of all four walls, and that crack opened up more as years passed by. The basement was never finished, but it became the laundry space, vet area, and for storage. Over the years, a number of mice ventured through that crack and into the house. We were busy with steel wool and spray foam, and sometimes

rags, just to plug that crack. We also had some cats. One winter though, about seven years ago, we had no cats. We thought, "Great! We won't have to buy cat food or be sure someone would feed them." It took about a month, and then we had mice everywhere throughout our house. The word was out. Piroutek's needed cats, and neighbors shared. Soon 8 - 10 guard cats were sitting at the back step, and mice no longer made it into the house.

Back to December of 2022: The perfect storm was about to come together. With the terrible storms, we decided to head to Sioux Falls on the Tuesday before Christmas to spend the holiday with our daughter's family. Dan had to return to Milesville on the Tuesday after Christmas due to his work for Tri-State Livestock News at a bull sale that had been postponed due to the early December snowstorm. I stayed in Sioux Falls to attend a piano recital for fourth grader, Eli. The Milesville farmhouse had been empty for a full week.

The first phone call—"The house has a peculiar smell!" The call was from Dan. "I'm going to burn the trash, but this is worse. What else should I do?" I had no advice. I was sitting in Sioux Falls.

The second phone call—"I just found a pile of black smelly stuff sitting on the couch." I explained to Dan that, after he got rid of that "stuff", he needed the upholstery cleaner. I went through how to find the spray can, and how that would work. I also told him where to find the Febreze®. It was not a happy night for Dan with livestock in the house.

The third call—"I found this old raccoon live trap out in the shed. It's full of lots of old leaves, but I'm trying to clean it up. We need to catch this 'wild thing'." I told him where to find a plastic tablecloth to put under it.

And, I advised, you better cover all the food. Put whatever you can into the frig, on top of the frig, or throw it away. We did not know how long this animal had been in the house.

The next morning, a fourth call—"I think I saw something run out of the living room. It must have run into the spare bedroom. I really think it's in there." I told him to move his trap into that bedroom, put some bait in it, and close the door.

The fifth call—"I left the trap there all day and overnight, and the bait was untouched." Obviously, the animal was not in that room.

Toward evening, the sixth call—"I've got him cornered in the living room behind the entertainment center. It's one of those half-grown cats—one of the wildest ones. I have neighbors, Mike and Faye, coming over in a few minutes. We're going to chase him out of there and try to catch him." I really didn't say anything, but this cat was one of the kittens we had not tamed at all.

Now the mystery was partially solved. We had been gone for a week over Christmas, when it was really, really, below zero cold. All of our pets are "outside pets." We have two good cat houses, filled with hay that sit by the back door. The cats use those on cold days while waiting for food to be tossed out of the house. When it's really cold, and sometimes overnight, the cats seek warmer quarters in the barns. We made sure those barn doors were open when we left. While we were gone, a nice young man would open the basement door to get cat food to dump by the back door. Also, one or two delivery persons had opened the door to leave off some packages. We suppose that the quick little cat took one of those opportunities to slip inside. We don't know how long he had been enjoying our warm house. As Dan said, "By the looks of the couch, it had been quite awhile."

In less than half an hour, call number 7—"He got away! He was so quick. He jumped onto the side table, with household wares scattering, taking out most everything in his path. He knocked off papers and the telephone, past the recliner, into the kitchen, over the computer, and down the basement steps. Docility was not in his EPD profile." My advice, and what Dan had already done, was shut both basement doors. Now, it would

be impossible to catch that critter amongst all that was stacked on shelves and along the walls in the basement, but at least we could keep him in the basement, and not in the main part of the house. Time for that live trap. It should work now. That little guy must really be getting hungry, and there were more smells. This cat was really proving he was not a house cat. Dan purchased and set out a box of cat litter, to no avail.

This was now the third day since Dan's return. The live trap was set up in the basement with a good-sized piece of ham sitting on the tripping mechanism. Surely by morning, he would be caught.

The eighth call—"That little devil! He ate the ham, but didn't even trip the trap. I'm going to call my good friend, Doug Hawk. He will know what to do." His advice was to put the bait under the tripping mechanism so that the cat would have to dig to get the bait.

The ninth call—"The cat got the food, tripped the trap, but escaped the cage." I was starting to laugh, and was so very glad that I was still in Sioux Falls. Dan wasn't laughing. Doug learned of the rather large dimensions of the trap and suggested that the small cat was able to squeeze under the trap door before it completely closed. Dan would need smaller traps.

The tenth call, it had now been four days—"I met Doug in town. We went to the Marty's local taxidermy shop where I was loaned two smaller traps. One of my neighbors, John, used steel wool to smooth off the mechanism of the trap. We now have it in the basement, baited with crumpled tuna fish, under the mechanism."

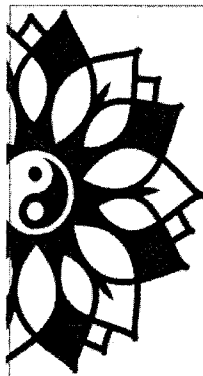

The eleventh call—"I've finally caught him. I hope he's learned his lesson and never tries to come inside again."

It was a few more days before I returned home. Mostly I saw papers knocked off counters. My "gardening angel" that sat on the window shelf with my potted plants had lost one wing, but that appeared to be the most serious injury. There are probably a few other messes yet to be discovered, especially in the basement. Jerry Neville from Philip suggested I share this little tale. No good moral, just a bit of a distraction from this cold winter. Disclaimer: There were no animals harmed during this little adventure.

## Reflections on the Words of Life

by Pastor Paul Ferrie, Grace  
Reformed Church of the Lord  
Jesus, New Leipzig

Last time we looked together at part of Jonah's prayer of repentance from the belly of the great fish. We continue now in Jonah 2:9 with the remainder of his prayer: "But I will sacrifice to You with the voice of thanksgiving; I will pay what I have vowed. Salvation is of the LORD."

Jonah has learned the futility of trying to run from God. And now he is doing something comparable to what Paul and Silas did, as we read in Acts 16:25: While chained in prison, they sang hymns to the Lord. Jonah now rejoices in God and thanks Him from the belly of the great fish. Though he has not yet been physically delivered, he has been delivered spiritually by God's grace. What the sailors did after seeing God's astonishing power in calming the raging sea back in chapter 1, Jonah now vows to do: He will sacrifice to God. Romans 15:13 teaches that joy and peace are found in believing. Faith brings the realities of God to the believer's soul, even in the midst of great suffering.

Jonah closes his prayer with one of the most important truths of God's word: "Salvation is of the Lord." Salvation is God's idea and work from start (in eternity past) to finish (in eternity future). No one else could have saved us from our helpless, hopeless condition in which all of us come into this world: dead in trespasses and sins and head-

ed for an eternity in hell. Only God in the flesh, the Lord Jesus Christ, could have lived a perfect life and offered that life as a sacrifice to pay for all the sins of all God's people. Only Jesus could have paid the penalty of sin to God's satisfaction. Friend, are you relying on what Christ did—and that alone—to make you right with God? "There is no other name under heaven given among men by which we must be saved" (Acts 4:12).

Chapter 2 ends with blessing: "So the LORD spoke to the fish, and it vomited Jonah onto dry land" (Jonah 2:10). Oh, the power of God's word! Just as in creation, all He had to say was "Let there be," and whatever He commanded came into existence, so God tells His creature the fish to vomit Jonah onto dry land, and it is done. His word is truly alive and powerful (Hebrews 4:12). God accomplishes His will by His word. As the prophet Isaiah taught, "For as the rain comes down, and the snow from heaven, and do not return there, but water the earth, and make it bring forth and bud, that it may give seed to the sower and bread to the eater, so shall My word be that goes forth from My mouth; it shall not return to Me void, but it shall accomplish what I please, and it shall prosper in the thing for which I sent it" (Isaiah 55:10-11). As soon as God speaks to the fish, Jonah is back on dry ground. And Lord willing, next time we shall consider how this disobedient prophet must again face what he was trying to run from in the first place.
