Eido Connect's Philosophy for 2026

Different

Criteria for perfect employee

"The Hunter"

James, a very sharp businessman was noted for his excellent answers - you name the problem - it might take time, but he would come up with a solution. Extremely, highly regarded he was also a public speaker who traveled world wide making all kinds of differences in people lives.

Finally, so well noted that one day he received a letter asking for his help in the US hiring position. Points were needed as to - how do you find the best employee - hire them - etc. etc.

This was an all out invitation to the whole world. Dignitary was invited from every nation - - seems like hiring and firing was an on going action at the best - and answers needed to be found.

The big conference opened in England - what an enormous under taking - ideas were thrown out left and right - high wages brings the best employees - cleaner bathrooms - better lighting - newer building- maybe Florida better climate - the list was endless.

After several weeks of ideas - answers, the conference had two more days then with tons of ideas the conference would send employees home and they would know how to pick the right person to work for them.

James had been carrying around an idea for the whole conference - thought about presenting it but not quite sure how to go about it - - but he definitely knew it was a winner - if we could hire people like this the world would be perfect - took a ton of courage - but the last day of the conference he asked for the podium - - explained it as the perfect answer.

This person gets up at the break of dawn - smiles - happy - willing to drive for miles - just looking - spotting- very energetic - make sure has good breakfast - lots of protein, so has energy for the day - excited about the outcome - altho not sure what the outcome will be - - but never giving up - drives for miles - never tiring - eyes focused on goods - on winning - or finding the perfect item.

Day closes - gets up next day, excitement again fills the body - barely the break of dawn - stayed up late last night reminiscing about the day but never giving up on finding the winning trophy - eyes alert - drives off into the wild blue yonder - determination has settled into his heart.

Never to tired - never a failure enters his mind.

Third day - fourth day - never tires - same ritual - what a fantastic employee this would be - never gives up - keeps going - eats good,

The crowd cheers - fantastic - we want to know their secret - - we want to be just like them - we want to know more - who are they - where can we find them.

James just smiles - and answers - the Hunter - thats who I am when I hunt but when I'm just going to work, the alarm goes off - darn wish I had a few more minutes.

Child Find Program Needs Your Help!

Every child grows, learns, and develops at their own pace. While children reach developmental milestones at different times, some may experience delays or challenges that require additional support. Recognizing these needs early can make a meaningful difference in a child's development and future success.

The West River Student Services Unit, in collaboration with area school districts, has designated **November 16–20, 2026,** as **Child Find Week** in our communities. Child Find is a federally mandated program under the Individuals with **Disabilities Education Improvement Act (IDEA**) and **Section 504 of the Rehabilitation Act.** Its purpose is to identify infants and children who may have developmental delays or disabilities and connect them with the supports and services they need to thrive.

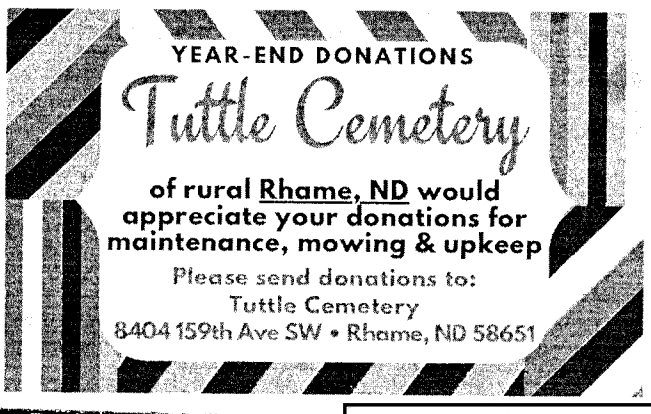

Parents play a vital role in monitoring their child's growth and development. While every child develops at their own pace, it's helpful to be aware of general milestones and to notice if your child's progress seems slower than expected. Sometimes, because parents see their children every day, it can be easy to overlook small delays—so a gentle observation from a friend, neighbor, or relative can be the encouragement a family needs to seek help.

If you have concerns about your child's development, please contact your local school principal or **Troy Knusdvig, Director of West River Student Services, at (701) 483-1257 ext. 4.**

A developmental screening can be scheduled to determine whether a delay may be present. If needed, early intervention services or activities can be provided to help your child grow, learn, and reach their full potential. The earlier a child receives support, the greater the opportunity for success.

The most beautiful attire in our communities is A SMILE.

STATE SPENDING & CUTS!!!

The election is over and now those elected are starting to focus on the issues that will be presented in the coming legislative session. Governor Armstrong has proposed the following to the state agencies. Agencies of less than $10 million hold even, agencies with budgets of $10 to $20 million are to propose 3% cuts and budgets over $20 are to propose budgets with 10% reductions from the 2025-27 biennium budget. We will be looking at just the General Fund Revenue and Spending. No Special or Federal Fund Revenues and Spending in this table.

GENERAL FUND REVENUE

Revenue Source	Amount	%
Beginning Balance	**$1,154.0** Million	17.8%
Sales, use & Vehicle Tax	$2,719.0 Million	41.9%
Individual Income Tax	$ 894.0 Million	13.8%
Corporate Income Tax	$ 515.0 Million	7.9%
Oil & Gas Tax	$ 500.0 Million	7.7%
Mineral Leasing Fees	$ 70.0 Million	1.0%
Tobacco & Liquor Tax	$ 61.9 Million	0.9%
Gaming Tax	$ 43.2 Million	0.6%
State Lottery	$ 14.1 Million	0.2%
Ins. Premium Tax	$ 113.4 Million	1.7%
Interest Income	$ 158.6 Million	2.4%
Department Fees	$ 75.1 Million	1.2%
Mill & Elevator Earning	$ 20.0 Million	0.3%
Bank N.D. Transfer	$ 140.0 Million	2.2%
Total Revenue	$6,478.3 Million	100%

GENERAL FUND SPENDING

Spending Area	Amount	%
K-12 Education	$1,803.2 Million	28.8%
Higher Ed	$ 884.9 Million	14.2%
Human Service	$2,258.6 Million	36.1%
General Gov.	$ 546.6 Million	8.7%
Public Safety	$ 433.7 Million	6.9%
Enviro Quality	$ 19.0 Million	0.3%
Ag Programs	$ 163.5 Million	2.9%
Commerce	$ 43.4 Million	0.6%
Nat. Resources	$ 42.1 Million	0.6%
Regulatory	$ 57.4 Million	0.9%
Transportation	$ 4.0 Million	0.06%
Total Spending	$6,256.4 Million	100%
Ending Balance	**$ 221.9** Million	

Facts the Legislature will consider:

1. K-12 Education is already short on funds and approxi mately 500 classroom teachers short in the state. Any cuts will impact property tax and school district short falls.

2. Higher Education cut of 10% equals **$88.5 million** which means the University Campuses will have to cut and they will increase tuitions.

3. The Department of Health and Human Services is made up of approximately 20 divisions of which some are in the less than $10 million, $10 million to $20 million and $20 million plus ranges. I am estimating that the proposed cut to DHH is estimated at **$125 million.** Remember these cuts will affect the federal dollars, because the state has to match state dollars to federal dollars to get those federal funds.

4. Cutting spending in Public Safety will be tough because it includes $344.4 millionspending on the Prison System (Corrections). Corrections already is a lean budget and the state prison system is full and individuals that have been sentenced are being held in county jails.

5. The majority of the General Government, Agriculture, Commerce, Natural Resources, and Regulatory Agencies will fall in the 3% cut range and the total dollars cut would be approximately **$45 million** dollars from the General Fund Budget.

The above **mentioned cuts are not inclusive;** there are other possibilities. When totaled the cuts listed the total is **$258.5 million** and when you figure a 15% increase in health insurance, 4% inflation, General Fund Revenue Forecast was $42 million under a month ago, the beginning fund balance for the coming biennium is $221.9 million which is **$932.1 million** less than the beginning balance going into the current biennium. The proposed cuts do not come close to the difference in beginning General Fund Balances.

On the **Revenue Side** the legislature will see an increase in sales tax however other General Fund revenues will not change a great deal. Transfers will be needed from Special Funds to the General Funds to meet the needs of the budget. The Legislature will have $500 million increase of oil tax revenue in the Strategic Investment and Improvement Fund if oil prices stay where they are today. The Legacy Fund earnings will increase from the $894.8 million this biennium, but the talk is that increase will go to the property tax credit on residential homes. Both the Common Schools Trust and the Foundation Aid Stabilization Fund will add $100 to $150 million in revenue, but that all must be used to fund K-12 education, because it is in the constitution. **The Legislature will have their work cut out in the coming legislative session!**

HAPPY THANKSGIVING!

We say that during the month of November to pretty much all the people we see after talking to them, but do we really mean it, or is it just something we have grown up to say. Well here is an idea to mean what you say as well as say what you mean.

It's pretty easy, because all you need to do to enter the drawing is to cut out this little form that says to name some things you like about Mott put at least one thing on the form put your name and phone number on the bottom of the form. Drop that form off at Eido Printing or at the Commercial Bank of Mott and that will enter you in the drawing. Or mail to **"Happy Thanksgiving, Box 247, Mott, ND 58646".** There will be a drawing during Thanksgiving week and if you are a winner, you will be called to pick up your card.

Name _____

Phone _____

Want to Help!

This Thanksgiving, there is a proposal to actually make this come true, and that is to donate whatever you can to a fund that will draw names and give the winners a $150 card from Oien Grocery so that they can actually have a Happy Thanksgiving

Want to help others have a Happy Thanksgiving, drop a monetary donation off at the Commercial Bank of Mott with a direction to the Thanksgiving fund. The more donations that are received, the more people can have that Happy Thanksgiving.

Some money has already been received, but it would be great if there would be a large number of cards that were given out, so only with your help will that be possible. Let's get together and make this a Happy Thanksgiving for us all.

JMHCC Annual Meeting Nov. 19

A report on the past and a plan for the future will be shared at Jacobson Memorial Hospital Care Center's (JMHCC) annual meeting, as leaders share news about JMHCC's six-month growth trend and reveal the path forward.

JMHCC's annual meeting will be held on Thursday, Nov. 19, at the Elgin Community Center to coincide with National Rural Health Day. The national theme for the day is "Power of Rural," and JMHCC will share information about the power of having a local critical access hospital to sustain rural health care in the region.

The 49th annual meeting is JMHCC's second annual meeting this year as it rotates to a fall meeting date to also spotlight National Rural Health Day.

The evening will begin at 5:30 p.m., when guests can enjoy a meal served by the Grant County High School freshman class as a fundraiser for the class.

Those who register at the door will be entered into a drawing for the chance to win one of three $50 certificates for Elgin Bucks.

At 5:45 p.m., keynote speaker Zak Hefner, an adviser with LPL Financial in Bismarck, will share information about legacy giving, including tax benefits of giving and how to plan estate giving.

At 6:15 p.m., the North Dakota Center for Rural Health will present its North Dakota Community Star Award in conjunction with celebrating National Rural Health Day. This year's recipient is Matt Hager, who serves as chairman of JMHCC's board of directors.

The business meeting will begin at 6:30 p.m., with the agenda including an update on JMHCC's strategic plan, a report from CEO Kristin Heid and other business.

A special part of the meeting will be the presentation of the Jacobson Memorial Hospital Foundation's first Foundation Champion Award, which will remain a surprise for the recipient until it is presented.

During this annual meeting, shareholders will elect directors to fill three positions. Nominees are incumbents Matt Hager and Dave Marion, along with Heidi Peltz.

Director Ann Hertz has decided not to seek reelection after serving 12 years.

Meet the nominees

Matt Hager, originally from Fargo, graduated from the University of North Dakota in 2000, and retired from the U.S. Marine Corps in 2021. He is a managing partner for Tonitrus Leadership & Strategy, a leader development and consulting firm. Matt currently serves as the chairman of the board of directors at JMHCC. He and his wife, Sara, and daughter, Mariah, live on their farm near New Leipzig.

"Serving on the JMHCC board of directors has been a tremendous honor. I have greatly enjoyed getting to know the remarkable JMHCC team and seeing firsthand their passion for caring for our community," he says. "The transformation over the past year has been inspiring, and there is more we can accomplish together. My commitment is to support the JMHCC team in every way possible as we continue building a thriving critical access hospital which our community can count on for another 50 years."

Dave Marion has been part of the community since January 1994 after graduating from North Dakota State University. He has a dedicated career working with the Prairie Learning Center and now the Prairie Recovery Center. Dave has served on many local community boards as well as state associations and boards relating to behavioral health in North Dakota.

He resides in Flasher with his wife, Shawna, of 31 years and they have four children, Tanner, Connor, Emma and Faith.

"Remaining committed to this community, it is very clear to continue the commitment to Jacobson Memorial Hospital and the work that has been done thus far to continue to provide strong rural health services and ensuring local residents have access to great services," he says.

Heidi Peltz lives on a farm north of Glen Ullin with her husband, Andrew. They have two grown children: a daughter, Kenedi, and a son, Malachi. Heidi has have been a registered nurse with Western Plains Public Health for 25 years, working in Grant County and rural Morton County.

"I was asked to be on the board to represent the Glen Ullin area. I have a passion for rural healthcare and keeping our communities safe and healthy. Having access to care close to home bridges a gap. I look forward to collaborating with other board members and hospital staff to ensure quality healthcare where we live," she says.

It didn't take long for the grandstanding after November 3rd. Reuters reports that the parties switched places. But, guys, there are two undeniable facts. First, the term "Democrat" doesn't mean that traditional Democrats pulled off a victory, the more accurate term would be "progressives" made the real gains. AI says that, as of November 7th, they picked up 25+ members of that caucus and, 10+ were outright socialists. The latter defined as those who support more expansive social programs (particularly "Medicare for all"), labor protections, and economic redistribution. Not a wholesale takeover by these guys but, disturbing nonetheless. Second, frankly, the races were not even close with the estimate being an average 12.9 pt. blow-out overall. Essentially, they want government to completely take over the health care market—a $5.3 trillion industry comprising 18.0% of U.S. Gross Domestic Product (GDP) or, an additional cost of $15,474 per US citizen.

Why complain? Because our friends the British have had their National Health Service since July 5, 1948, following the horrors of WW II. Essentially, healthcare is funded through taxation, everyone gets NHS care, its free to them, patients must (unless rarely exempt) start with a general practitioner who is an employee of the NHS and, the hospital is only an option after a long waiting list, staff shortages, lack of funding in some areas and lack of bed space. Hospital doctors are salaried employees of the NHS, while general practitioners (family doctors) often operate independent medical practices under contracts with the NHS. And, that sounds wonderful except for one thing that I don't think we are considering. The US dollar became the world's dominant currency, after World War II, extinguishing the British pound sterling.

On June 23, 1972, the British pound was officially surpassed by the US dollar. And, by the time I graduated High School in 1975, annual inflation in that country was at almost 25%! Blamed on wage increases and, the international oil crisis of 1973–74. Sound familiar? The Brits even sought IMF financial assistance in 1976. So, did the NHS cause, or contribute to cause, the crisis? I'm no financial expert. However, the US right now has a $40.6 trillion debt. Almost $119,000 per resident, 129% of GDP, and, the interest alone is frightening. So, should we be adding another $3.4 trillion per year? A cost currently being paid by employers, private insurers, households and state governments? No matter what these folks say, funding a public healthcare system will require substantial, and sustained, tax increases. And no offense, but, I have zero confidence in the efficiency of government bureaucrats. Can you say Minnesota? So, as we move forward over the next 2 years, I say to the estimated 50.58% of you registered voters who just sat this one out...how's that working for you? And, can you say, "Chinese Yuan"—their monetary term? Have a great week.

ENCHANTED HIGHWAY

World's Largest Metal Sculptures

This week I am going to step back from introducing the Enchanted Highway Foundation Board to salute the Men and Women who have served our country as we honor Veterans Day. The Enchanted Highway Foundation Board is thankful for the Men and Women who have served this country. We enjoy a great quality of life because of their service and commitment and we get to see families driving down the Enchanted Highway enjoying the metal sculptures and scenery. Many have family picnic at the sculpture sites. Then you see all the pheasant and deer hunters enjoying the great outdoors with family and friends and you realize that it is the simple things that make life great. Our Veterans have given a part of their life to protect our freedoms and we are thankful. We the people need to do out part going forward and take part by voting in elections or we may lose these freedoms. Losing our freedoms would be a slap in the face to our Veterans! Remember that as we move forward that voting in local, state, national elections honor our Veterans and those who died fighting for the United States of America!

THANK YOU, VETERANS, FOR YOU SERVICE! God bless each of you!

Expressions of HOPE

Reflections on the Words of Life

by Pastor Paul Ferrie, Grace Reformed Church of the Lord Jesus, New Leipzig

Last time we began considering God's judgment upon sin in the lives of both believers and unbelievers. This concept is found in 1 Peter 4:17-18: "For the time has come for judgment to begin at the house of God; and if it begins with us first, what will be the end of those who do not obey the gospel of God? Now 'If the righteous one is scarcely saved, where will the ungodly and the sinner appear?'" We saw that because God is holy and hates sin, He judges sin in the lives of all people. However, there is a great difference between the types of judgment He brings upon believers with that which He brings upon unbelievers. We saw that judgment for sin in the lives of God's people (called "the house of God" in verse 17) is always done in love for the purpose of correction.

But God's judgment upon unbelievers is immensely different. The most striking contrasts are the nature and duration of the suffering. While a believer will experience the loving chastening hand of God because he or she still has a sinful nature and continues to sin, such chastening is only in this life. In eternity, the Christian will be free from sin, and all chastening will be over. That is why the apostle Paul, who suffered so severely, could say in Romans 8:18, "For I consider that the sufferings of this present time are not worthy to be compared with the glory which shall be revealed in us." Christians, our loving heavenly Father deals with sins in our lives now. Speaking to believers, the apostle Paul says in 1 Corinthians 11:32, "But when we are judged, we are chastened by the Lord, that we may not be condemned with the world."

However, the judgment which God is going to bring on those who are not believers on the Lord Jesus Christ will continue for all eternity. How long is eternity? One man gave this illustration: "Imagine a bird taking one grain of sand at a time from this earth and carrying it billions and billions of miles to the end of the universe and then returning to get another grain until all the grains of sand on the whole earth are carried away. When he finished, eternity will have just begun."

Another contrast between the sufferings of believers and unbelievers is its intensity. Though the chastening judgment of God upon sin in the lives of believers is painful, it is also filled with good purposes that God is bringing about through it. There is no wrath or condemnation in it. Such suffering is as nothing compared with the eternal full-blown wrath that God will bring upon unbelievers in hell.

If you want to see what God thinks of sin, just look at the cross of Jesus Christ. Consider what God had to do to His only begotten and dearly loved Son in order to satisfy His justice in payment for the sins of His people. Woe to those who will suffer in hell under God's unmitigated wrath forever! Oh, Friends, I pray that this will be true of none of you. Please be sure that you have come to the only place of security and refuge in Jesus Christ. Trust in Jesus as your Substitute and what He did on the cross as payment for your sins.

Either you run the day or the day runs you.

ATTITUDE DETERMINES HOW WELL YOU DO IT.

Just because you do not understand something does not mean that it is wrong.

Thinking back

By Kathy Craigo Harteis

I've spent the last few days remembering another time. Working our way of the Northern Coast we passed plenty of places I could recall. It was a good time of life for me back then. A young wife and new mother my time in Washington and Oregon were blessed and happy. I had family and friends and was always included in many good times

I had forgotten how beautiful it was with the changing colors of fall. The East Coast has nothing over Northern Coast when it comes to the changing colors of the leaves.

It makes me wonder why I didn't appreciate it more when I actually got to live here.

We'll be home in North Dakota in a few days. But first, today we will meet our newest great granddaughter, Blair. I'm anticipating a fun day of snuggling the baby and playing with her big sister Kennedy.

I appreciate time with the families of my granddaughters Jade and AnnaLee. Although they are foster granddaughters they treat me like I'm their birth grandmother. I appreciate the way they readily welcomed and loved my husband Tom too.

It is truly a blessing when your kids and grandkids love you unconditionally.

Life is more than good today.

Expressions of HOPE

Wisdom

Fr. Ben Franchuk, Pastor
St. Charles Catholic Church, Bowman; St. Mel's Catholic Church, Rhame; St. Mary's Catholic Church, Marmarth

This past weekend, the reading from Wisdom 6:12-16 was read at our service, and it got me thinking about wisdom and how wisdom affects our lives. I quote: "Resplendent and unfading is wisdom, and she is readily perceived by those who love her, and found by those who seek her. She hastens to make herself known in anticipation of their desire; Whoever watches for her at dawn shall not be disappointed, for he shall find her sitting by his gate."

The first essential element is coming to a deeper understanding of wisdom. The dictionary would define wisdom as the ability to use knowledge, experience, understanding, and critical judgement to make sound decisions and handle complex life situations. While accurate, this definition points to wisdom as something that we can work on and attain in our lives. The common understanding of wisdom is the more that we experience in life, the more wisdom we have to apply in other situations in life. While it is accurate, a sense of spiritual wisdom is still lacking.

Let's look at wisdom from the spiritual perspective. According to Bishop Barron, wisdom means looking at the world through the lens of God's overarching pattern of meaning rather than getting trapped in a strictly, horizontal worldly point of view. Wisdom is looking at the world from the perspective of God. While both definitions include the same basic elements of knowledge, experience, and understanding leading to a broader world view, a spiritual wisdom takes it a step further by adding the vertical dimension of God.

This is a critical element. The world is not something that exists on its own but is held in existence by God. I am not just another player in the book of life but a created being with a purpose and mission given to me by God. Life has meaning because is it given by God. Without spiritual wisdom, a person can get focused on living life from the worldly viewpoint and forget the great landscape that God has created in the world. Spiritual wisdom renews the mind from just paying attention to the world as I see it and allows us to reflect on how God sees the world.

How does God see the world. I imagine at times he looks at us and shakes his head at some of the stuff that a person does. But I also imagine a good Father who loves his children, takes joy in being present to his children, and shares that joy with his children. This spiritual wisdom is a gift that He gives that his children may come to know Him better and live joyfully in this world. Let's ask God to renew our minds today, to see the world at He sees it and receive His joy.

EQUAL HOUSING OPPORTUNITY

Why Thanksgiving

"Why did they establish Thanksgiving?"
The pretty young girl was asked.
"Well I guess because of the birth of Christ."
I'm sure the listeners gasped.

How could an American be so dumb?
But then I thought again
It's the thing in all the universe
For which I'm thankful again and again.

'For without him I would be nothing
Without Him I'd surely fail'
Without Him I would miss Heaven
Life would be to no avail.

For He is the WAY to Forever
To Heaven and it's bliss
If it were not for His birth in the universe
Think of what we would miss.

Paulette Kadrmas Rites Held

Funeral Liturgy for Paulette Kadrmas, 71, of Bowman, were

held at 11:00 a.m. Tuesday, November 10, 2026 at Stevenson Funeral Home, Dickinson with Father Chris Kadrmas celebrating. Burial took place in St. Edward's Cemetery near Fayette, ND.

Paulette passed away Sunday, November 1, 2026 in Bowman.

In lieu of flowers, the family suggests memorials be made to Special Olympics in Paulette's memory.

Paulette was born August 6, 1955, in Dickinson, North Dakota, to Thomas and Susie (Kress) Fettig. She grew up on a farm near Gladstone until the age of nine, when her family moved to Dickinson. She attended Dickinson High School, graduating in 1973.

In December of 1992, Paulette married Bruce Kadrmas. Together, they made their home in Dickinson before moving to Bowman in 2009. Paulette was a hardworking woman who wore many hats throughout her life. She worked as a waitress, in grocery stores, at Head Start, and in hotels. She also spent more than 20 years delivering for The Dickinson Press. Paulette was never afraid of hard work and took pride in the many jobs she held over the years. When the time came to retire, she was more than happy to enjoy a slower pace of life.

Paulette loved watching sports, whether it was NASCAR, bowling, or cheering on her favorite teams. She had a special place in her heart for animals, particularly her cats. Paulette was also a dedicated supporter of Special Olympics.

Above all, Paulette treasured time spent with her family. She loved being surrounded by her children, grandchildren, and great-grandchildren, and enjoyed the simple moments of visiting and making memories together. Sunday breakfasts with Linda Suchy were a special tradition she looked forward to.

Paulette is survived by her children, Anita Anton (Rick Rykowski), Rachel (Adam) Gillen, Elizabeth (Ryan) Olheiser, Trevor (Alicia) Kadrmas, and Beth (Wade) Schmitt; grandchildren, Trenton, Taelen, Elijah, Makenna, Sean, Laine, Reese, Ava, Addisyn, Madison, Grant, Adlee, Kiesyn, and Daxtin; great-grandchildren, Nashton, Bennett, and Evelyn; sisters, Ann Hagens and Josie (Gil) Hesier; sisters-in-law, and brothers-in-law, Beverly J. (Wayne A. Hecker) Kadrmas, Nancy M. (Dwight) Lumpkins, Jamie Villapando, Noreen Cook, Daphne (Ivan) Hecker, Amy V. (Albert) Harvey, Leann E. Kadrmas, and Duane I. Kadrmas; along with numerous nieces, nephews, extended family members.

She was preceded in death by her husband, Bruce Kadrmas; her parents, Thomas and Susie Fettig; sisters-in-law, Geraldine Kadrmas, Kimberly Kadrmas Moore, and Judy A. Kadrmas; brother-in-law, Ray Hagens; and grandchildren, Emmitt and Ethan Olheiser.

Remembrances and condolences can be shared at www.stevensonfuneralhome.com.

Mildred Margaret Bolding Obituary

Mildred M "Kamrath" Bolding, lovingly known as Millie, passed away on November 2, 2026, in Manteca, California, at the age of 85 after a courageous battle with neurological disease.

Millie was born on April 14,

1941, in Mott, North Dakota, and she carried the values of her hometown with her throughout her life. She was a woman of faith, grace, and quiet strength, and she lived each day with a spirit that reflected her Christian beliefs. Those who knew her will remember her as loving, optimistic, and selfless, a woman who placed the needs of others before her own and offered kindness freely to everyone she met.

Millie received her high school diploma and later attended business college, preparing herself for a life of service and responsibility. She built a respected career as a Personnel Manager and Human Resources Director, where she was known for her professionalism, fairness, and compassion. In every role she held, she brought a steady presence and a sincere concern for the well-being of others. Her work was more than a profession to her, as she understood the importance of treating people with dignity and respect.

Beyond her career, Millie found joy in the simple and meaningful things of life. She loved crafts, sewing, and traveling, and she approached each of these interests with patience and creativity. Whether she was making something by hand, planning a trip, or enjoying time with loved ones, she found beauty in the journey and purpose in the details. Her hands were often busy, but her heart was always open.

Family was one of the greatest blessings in Millie's life. She is survived by her husband, Graham; her daughter; her son; five grandchildren; and two great-grandchildren. She treasured her family deeply and found great joy in watching it grow across generations. Her love for them was steady and enduring, and she will be remembered for the warmth she brought into family gatherings, the encouragement she gave so generously, and the example of faith and devotion she leaves behind.

Millie's life was a testimony to perseverance, humility, and trust in God. Even in difficult times, she remained optimistic and steadfast, leaning on her faith and the promise of eternal life. She lived with the quiet assurance that comes from knowing the Lord, and she shared that assurance through her words, her actions, and her presence. Her life reflected the truth of Proverbs 31:25, which says, "She is clothed with strength and dignity; she can laugh at the days to come."

Those who loved Millie will carry forward the memory of her gentle spirit, her thoughtful nature, and her unwavering care for others. She touched many lives through her kindness and left behind a legacy of love that will continue to bless her family and friends. Though she will be deeply missed, her loved ones take comfort in the hope of Christ and in the promise that death is not the end for those who believe.

A life so well lived deserves to be remembered with gratitude and peace. Millie's earthly journey has ended, but her influence remains in the hearts of those she loved and served. She will be remembered always with affection, respect, and thanksgiving for the beautiful example she set.

Dear readers,
This poem has no context and makes no sense whatsoever;
But who cares anyway?!?
I. D. Claire

Not If, but When

When to live, when to die,
When to laugh, and when to cry.
When to work, when to play,
When to leave, and when to stay.
When to drive, when to crash,
When to fix, and when to smash.
When to read, when to write,
When to run, and when to fight.
When to eat, when to starve,
When to whittle, and when to carve.
When to smile, when to frown,
When to float, and when to drown.
When to whisper, when to scream,
When to wake, and when to dream.
When to do it, when to quit,
When to stand, and when to sit.
When to be smart, when to be dumb,
When to go to, and when to come from.
When to advance, when to retreat,
When to be mean, and when to be sweet.
When to eat beef, when to eat pork,
When to use spoon, and when to use fork.
When to eat stew, when to eat soup,
When to have cholera, when to have croup.
When to be French, when to be Russian,
When to be Dutch, and when to be Prussian.
When to use gun, when to use knife,
When to have death, and when to have life.
When to ride mare, when to ride stallion,
When to float barge, and when to float galleon.
When to wear shoe, when to wear boot,
When to play whistle, and when to play flute.
When to wear boot, when to wear shoe,
When to have strep, and when to have flu.
When to be skinny, when to be fat,
When to bulge out, and when to lie flat.
When to be hot, when to be cold,
When to be young, and when to be old.
When to be chicken, when to be goose,
When to tie tight, and when to tie loose.
When to have glasses, when to have contacts,
When to have loans, and when to have contracts.
When to use chair, when to use stool,
When to slobber, and when to drool.
When to use feet, when to use hands,
When to have waters, and when to have lands.
When to crawl, when to hop,
When to start, and when to STOP.

Thoughts for the Week

by June Schmidt

As the sun goes down and we are heading for the end of the year, Thanksgiving is just around the corner. This is the time of year when the harvest is done and we come together to celebrate as a family, whether it be with your own family, a family of choice or your church family. The sad thing is that not everyone is in a position to celebrate due to their circumstances. That's why I believe that the idea that is in the Eido is something we should all get behind if we can. If you don't know what I am talking about, I suggest that you look for the little article that asks you to help others have a Happy Thanksgiving.

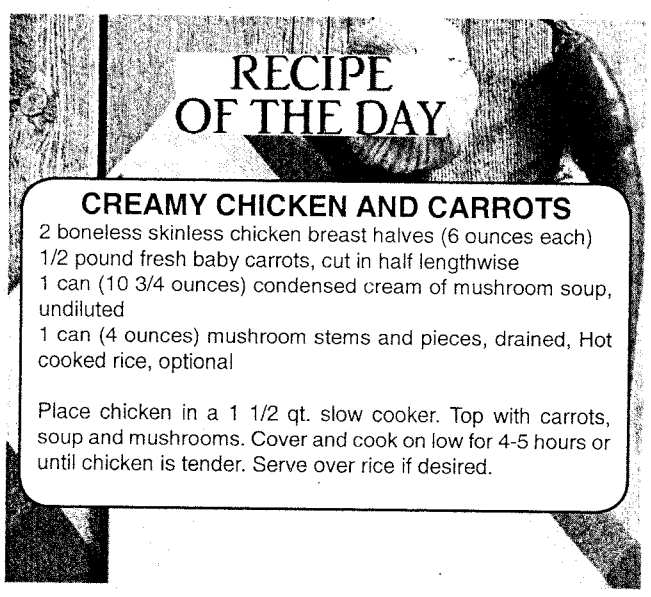

If you are one of those that needs a little bit of a hand to help during the Thanksgiving holiday, I invite you to check it out. It's a simple way to get a few dollars to spend for you and your family to have a Happy Thanksgiving together, however you want to celebrate it. It doesn't take much, just find the article, cut it out, put at least one thing that you like about Mott on it with your name and phone number and drop it off at Eido or at Commercial Bank of Mott. Please know that you will have to use the one from the Eido, not a photocopy or a facsimile, so don't throw the paper away without finding that article.

If you are one of those that doesn't need any help, consider donating something so that others can celebrate Thanksgiving like we used to do with our families. You don't have to donate much, anything can help when we work together, and the more that we gather, the more Thanksgiving dinners will be provided. It's a small way of helping out in a manner that doesn't cost you any time or work, just a bit of cash and a little effort to get it to those that will pass it along to those that need it.

Many of us have memories of Thanksgivings with Grandparent and Parents and some of mine are about tables that were groaning with food. The smells alone could fill you up, like fresh bread, the turkey and the smell of sage stuffing, cranberries hot and bubbly off the stove and sweet potatoes, soft and tasty. Then after dinner when you couldn't stuff your face with anything more, out came the homemade pumpkin pie and the fresh and sweet whipped cream to top it off, and who could say no to that. My sister had a wonderful recipie with cream cheese and pumpkin that was out of this world and now that she is gone, there goes that taste.

And we all know that Thanksgiving is not just the food, although that was a good part of it, it was the time that you spent together afterwards. Sure some of us found a comfy chair or couch and the turkey kicked in to put you in that after dinner doze or you spent the time watching a game, but in my house the games were with the family. After dinner, we would spend time playing cards or a board game and talking to each other, sometimes about the day and other thanksgiving dinners. My sister and I had a running tournament going with a Scrabble board for many years, again something that is gone and will not be back. Maybe you remember going outside when the weather was good, or not so good and playing games until you were called back in when it got dark. However it went, it was a great day for most of us even if it meant we had turkey leftovers for forever afterwards.

So the whole point of this is to give others a chance at creating or recreating memories like we had when we were kids. We need this time to remember that life is fleeting and time spent together is important. We should be thankful for what we have and if we can we should try to help others. We often get so busy, we forget that not all of us had a 'wonderful life' and that's something we can help in a little bitty way. It's not the answer to everything, but it is a way to share what we have and help those that don't have as much and its a way to bring back some memories of better times, when we were young and didn't have to worry about everything. So take a few minutes, either to cut out the article and get it delivered to the right place, or stop and drop off a few dollars to help out. Either way its a chance for a real Thanksgiving for us all. God Bless you all.
