While visiting the traveling Vietnam wall August 18 in Dickinson, Claudia Bentz (left) and Sharon Larson pointing at the name Stanley Ottmar on the wall. Sanley, brother of Claudia, lost his life during the Vietnam War.

“Mom, it’s been two weeks, can you believe it - school sure is fun, met a lot of new people already and my room mate - wow - she’s taking the same Psychology class as I am - - and - - time for me to run to another class - - love your mom - see you this weekend.”

“Sounds like Josie is having a good time,” said Dad as he got up to leave - - speaker phone is nice - see you later and out the door - - Mom listened as the big red started for the field. Harvest in full swing didn’t allow the two to move Josie or see what her room was like so this weekend will be good, thought Mom. Sure do miss her already and Mom proceeded to clear the table - had a few things to get done before Josie comes home.

Several times that week - some phone calls from Josie. “Can hardly wait to tell you - - gotta run - bye, love you.”

“Couldn’t have met a boy already, could she, why all the excitement,” expressed Mom to Dad. “She’ll be fine - one more day and you’ll know.”

Friday evening - finally arrived. Mom could hardly hide the excitement of seeing Josie again and seeing the smile on Josie’s face - - well Mom knew something great had happened.

“Mom, Dad, come sit in the living room, we’ll do dishes later, I’ve got something great to tell you - I know you’ll love it.” And she began.

“Our first Psychology Class we were handed a sheet of paper, had to write what we’d like to learn in this class. Then our instructor read each and we all started to laugh cuz the last one was - - I want to learn about nursery rhymes, fairy tales, stories about what happened to Little Red Riding Hood, Cinderella, Peter Peter Pumpkin. It was a riot. Could hardly stop laughing - it was such a dumb question. We didn’t know who could have written such a dumb answer, some of us didn’t even know how the stories went.

The instructor said - this is the one - - then he asked if we knew these stories - some raised their hands so he asked them to tell them one - they tried. Some remembered the first part but couldn’t remember it all.

Then the teacher wrote one on the board for us - he took out a book and began reading many more to us - told us to listen. The discussion was amazing how each one ends - - a downer - what happened to Little Red Riding Hood? Class ended but we had a project we have to complete - talk about the class to each other and next week I will tell you my favorite story, and why - - class dismissed.

My room mate is taking the same class so we talked thru the day and night about the dumb topic, laughed yet couldn’t wait till next week for his answer.”

## Mound Church, Rhame, ND in Need of Repairs

by Brenda Davis

On August 21st, 2022 a public meeting was held to decide the future of Lyle Presbyterian Church (Mound Church), rural Rhame, ND. At the community meeting the decision was unanimous to save the Mound Church, also known as the Lyle Presbyterian Church and fellowship hall which is located about 14 miles north of Rhame, ND. It is a unique little country church sitting on the prairie which took 3 years to build and was finished in 1914. The attached fellowship hall was added on in the early 1920s. Age, wear and tear, and storm damage have made it necessary to bring it back to life. The goal is to re-side, tin the west side of the roof, (there is tin on the east side) and rebuild the eroding foundation on the church. The hopeful plans for the fellowship hall are to replace it and make it a community hall possibly adjacent from the church, and adding an indoor bathroom.

The existing fellowship hall has had rain damage exposing mouse infested insulation, and extensive damage to the roof and ceiling. The foundation is in very poor condition and has become a haven for some of the wild animals in the area adding more destruction to the fellowship hall. The existing outhouses are also in poor condition. Even though they do their part, an indoor bathroom would be so much nicer and more modern.

The Mound Church holds church services every Sunday at 9:00 AM. with a fellowship potluck following the services. Memorial Day Services have also been held there for many many years honoring our veterans.

We have had two rough estimates and they both came to \$150,000 dollars as of now. This is an astronomical dollar amount for the church members to come up with, therefore we really need some help. If you are community minded, a believer in the good Lord, believe old is sometimes worth saving, and could help with any monetary donation...it would be greatly appreciated. A building fund has been set up. Please send donations to the Mound Church or Lyle Presbyterian Church building fund.....In care of: Jason Waskiewicz, Box 252, Bowman, ND 58623

May God bless you, and may God bless us on this journey. Photo credits to Jason Waskiewicz and Brenda Davis.

## What's Your Favorite Animal? . .

by geno sloan

Don't say dogs or cats. Most folks like one or the other, so that won't work. Of all the creatures on the globe, think of a very special animal.

I spent several days asking this question, with a wide variety of answers. Some folks liked elephants. I got giraffes, snakes, tigers, prairie dogs, and even goldfish. One person spoke up in favor of whales.

Bears got several votes, Polar Bears and Pandas were more popular than Grizzlies - can't imagine why? Cuddly Koalas were mentioned. Are they really bears? No matter, as they are unique animals.

One person liked pigs. They are very smart animals. The next one liked cows. She said, "If they don't behave or run out of milk, you can just eat them."

Very practical.

There are many horse lovers around ND. I can understand that, even though I got pitched off one years ago - and we were hardly moving! Living on the prairies naturally brings up the kings of the prairie - Buffalo! Bison!

Monkeys and gorillas were either popular, or folks frowned and rejected monkeys altogether. Having never seen a gorilla, I can't comment on them, but monkeys have given me many laughs at the Dakota Zoo.

I like giraffes and zebras best. Their coats are without equal, in my opinion. When you see them up close, in a zoo, you can tell that every single spot or stripe is different. God did a wonderful job on them. That takes a very special talent.

Instead of worrying about the messy problems on our globe, we can just think of all the world's fantastic animals.

**HOPE**

**Reflections on the  
Words of Life**

*By Pastor Paul Ferrie, Grace  
Reformed Church of the Lord  
Jesus, New Leipzig*

Before proceeding to the outcome of Daniel's decision to obey God rather than man, let us take one more look at Daniel 6:10-11: "Now when Daniel knew that the writing was signed, he went home. And in his upper room, with his windows open toward Jerusalem, he knelt down on his knees three times that day, and prayed and gave thanks before his God, as was his custom since early days. Then these men assembled and found Daniel praying and making supplication before his God." We have seen that King Darius's wicked advisors, who were jealous of Daniel's prominence in the government, urged the king to pass a law forbidding prayer to anyone

besides the king for thirty days. The penalty for disobedience was being thrown into a den of lions. The advisors knew that Daniel was a man of such integrity that the only way to get rid of him was to drum up charges related to his worship of God.

Let us briefly consider why Daniel did not succumb under such enormous pressure. How was he able to stand firm? Well, back in the very first chapter of the book, we learned something about him. Daniel 1:8 tells us, "But Daniel purposed in his heart that he would not defile himself with the portion of the king's delicacies, nor with the wine which he drank; therefore he requested of the chief of the eunuchs that he might not defile himself." As a young man, Daniel requested a diet of vegetables and water for himself and his three friends so that they would not violate the Jewish dietary laws. And in verse 10 above we see that Daniel had cultivated a custom of regular times of prayer since his early days. You see, Daniel had developed a strong resistance to sin because of a life-long habit of seeking grace to obey God. He had learned the truth of James 4:7: "Therefore submit to God. Resist the devil and he will flee from you." Each time we are enabled, by God's grace, to say no to sin, we are more strengthened for the next temptation that comes along.

The other thing that sustained Daniel was remembering that he belonged to God. Though this Scripture was not written until much later, Daniel lived out what the apostle Paul expressed in Romans 12:1: "I beseech you therefore, brethren, by the mercies of God, that you present your bodies a living sacrifice, holy, acceptable to God, which is your reasonable service." Because Daniel belonged to God, he knew that God would take care of him and that even if he were torn apart by lions, he would, as David expressed in Psalm 23, "dwell in the house of the Lord forever."

How ironic it is that amidst all that is going on with Darius and his cabinet, Daniel is the one who has true peace. His enemies had to live with their guilty

consciences and Darius with his foolish decision. But Daniel had peace because he was living in communion with the God of peace. So although the wicked men seem to have the upper hand, Daniel is the real conqueror. He is demonstrating the truth that one plus God is a majority.

Jesus said in John 16:33, "These things I have spoken to you, that in Me you may have peace. In the world you will have tribulation; but be of good cheer, I have overcome the world." How does one obtain the peace that Jesus promises, that Daniel experienced? It begins by recognizing that we are not at peace with God the way we nat-

urally come into the world. The Bible tells us that we are in fact at enmity with God (Romans 8:7). But Jesus came into this world to accomplish reconciliation between man and God. In order to be at peace with God, we must have our sins forgiven, and that can only happen when we place our trust in what Jesus did on the cross. While He hung there, He bore the sins of His people and took the punishment that we deserved. In order to be restored to a right relationship with God, we must place our trust in what Jesus did—and in nothing else—to reconcile us to God and thereby make peace between us (Romans 5:1). Friends, have you done this?

*By Kathy Craigo-Harteis*

For a number of years my gal pals and I went on girl trips to friend Deb's vacation home. It was in Shastina near Weed, Ca.

It was a beautiful little home. The back deck sat up against the golf course. The golf course like many yards in the community had a population of deer.

Every evening as we sat out on the deck, the deer would come up for snacks. We always made sure to have crackers and popcorn on hand.

There was an anticipation and an excitement for each Shastina trip. It was our place to relax. A peaceful place to be together and reminisce about our lives together. We've been friends since high school.

This week the fires took the house.

Deb had sold it some years back, but in our minds it was still our place. Now it is gone and it makes us sad.

We made a lot of memories there. So, we hang on to the memories and appreciate the time we had together there.

My heart hurts for the families who have lost homes this week. It hurts as well for the deer and wildlife in that area.

Pray for all the people and creatures big and small that this has hurt.

This week granddaughter Lea becomes a teenager. Yep, 13! Seems like yesterday she was a baby girl. I'm very proud of Lea and the beautiful inside and out young lady she is becoming. We are blessed for sure to have her as a part of us.

Life is good today.

## Expressions of HOPE

**“Ministry That Surrounds Us”**

*Pastor Charles Johnson  
 Dakota Prairie Lutheran Parish*

Doing the work of ministry is not a task that we ever finish, no matter what our age, young or old, because there is always someone in need, someone who is hungry, someone in need of clothing, someone in need of shelter, and someone in need of a friend. Yes, we can feel good at the end of the day about what we have accomplished throughout the day, and we should, but tomorrow is another day. Tomorrow is another opportunity to share with others the many gifts that God has given to each one of us.

In other words, we can heed these words of Jesus and make them a part of our lives. **“For the Son of Man came not to be served but to serve.”** Mark 10:45.

Now the question that may be going through the mind of some of you is, “What can I do to serve? How can I minister to others?” These are good and worthwhile questions to consider, and

- so, I want to provide you with a list that may be helpful when you seek to come up with an answer. This is a list that was shared with our parish congregations a few months back, so it will be new to some and an important reminder to others. There are 20 helpful thoughts that make up the list.
1. If you feel far away from God, guess who moved?
  2. Fear knocked. Faith answered. No one was there.
  3. What you are is God's gift to you. What you become is your gift to God.
  4. I am God's melody of life and God sings God's song through me.
  5. We can never really go **where God is not** and **where God is** all is well.
  6. No matter what is happening in your life, know that God is waiting for you with open arms.
  7. God promises a safe landing, not a calm passage.
  8. Do your best and then sleep in peace. God is awake.
  9. God has a purpose and plan for me that no one else can fulfill.
  10. The will of God will never take you to where the grace of

- God will not protect you.
11. We are responsible for the effort, not the outcome.
  12. We set the sail; God makes the wind.
  13. Begin to weave and God will give you the thread.
  14. Sometimes when God says “no”, it's because God has something better in store for you.
  15. The task ahead of us is never as great as the power behind us.
  16. Pray: don't bother to give God instructions, just report for duty.
  17. It's my business to do God's business and it's God's business to take care of my business.
  18. Serenity is not freedom from the storm, but peace amid the storm.
  19. How come you're always running around looking for God, God's not lost.
  20. God put me on earth to accomplish a number of things; right now I'm so far behind I will live forever!!
- May we strive to perform the ministries that surround us, as we seek to serve the Lord.

# Prairie Dental Sponsors The Edge Project

Bowman, ND, August 29, 2022. This past year the Bowman Parks and Recreation Board has secured a building, a bond, and are in the process of renovating the previous Shopko/Alco building located at 320 Highway 12 East. This project is called The Edge – Bowman County Activity Complex. The board recently launched a sponsorship campaign and Prairie Dental has generously donated \$13,800 in a 5-year commitment for the Edge Project as a GOLD Sponsor. GOLD sponsors have naming rights to the room(s) they sponsor, they will receive their name on a Donation Plaque, a room sign, and will receive employee membership discounts plus 20 Day-Passes to the facility. "Jennifer Sarsland and team exemplifies fitness and we are so grateful Prairie Dental sees the benefit of the Edge project for the community," stated Director Chanell Walby.

Dr. Jennifer Sarsland of Prairie Dental with Bowman Parks and Recreation board members (l to r) Darwin Wilke, Ed Kvaale, Jason Bullis, Chris Johnson, and Matt Buchholz.

Bowman Parks and Recreation serves the wellness and recreational needs of our tri-state area by providing community facilities and progressive programs across the generations. By using an existing building in our community we are helping to reduce construction costs, inhabit vacant structures, bring people to town to both work and play, and we are reaching our mission. We thank the community for your support of this project, which will contain an adventure park (trampolines, indoor two-story playground, ninja course, climbing wall, obstacle course, dodgeball court, and dunk hoop), multipurpose court, dance/exercise room, racquetball court, cardio/weight room, party/meeting room, E-Sports Lounge, and a walking track.

Please contact Chanell Walby, Director of Bowman Parks and Recreation if you have any questions or are interested in sponsoring the Edge Project or any other projects. 701-523-3896.

God had given to the children of Abraham (Abram).

The movement of millions of people was no secret.

The roots from Abraham are Ishmael, his son by Sarah's Egyptian (Cushite) maid, Hagar. In Gen. 21:21 it says that Ishmael's wives were from Egypt (Mizraim) also. They are the progeny of Ham. There were no laws at that time against what we call incest. They were much closer then to the perfection of Adam. Therefore, from research I conclude that the descendants of Ham were a dark skinned people.

So what did they do when they became aware that the Israelites were going to take Canaan? What would you have done?

If you were in Modern day Jordan, you could go across Sinai to the Gulf of Suez. At one point it is only seventeen miles from one side to the other. Reed

were a great and numerous and TALL people." Who today in Africa are known as a 'TALL' people. The Zulu. So how did these people who are in N.W. Africa come to be in Canaan?

Well, you have to back up, retreat, call 'Roots' or research the progeny of Noah.

Jehovah God intended for the earth to be filled with a righteous race of people. They would be every size, shape and color. He is not partial. One of Noah's sons was named 'Ham'. Remember that in ancient times people often gave their children names that described them. Ham came from and ancient word meaning 'dark'. Genesis 10:6 reads, "And the sons of Ham were Cush, Mizraim (Egypt) and Canaan." Ten-fifteen says that 'Canaan became father to Sidon (Zidon) and verse 19 says 'So the boundary of the Canaanites came to be from Sidon as far as Sodom, (Zodom) and Zoar, Gomorrah and Mizraim (Egypt).

The X-odus of the Israelites brought them into the land of Canaan (son of Ham) that

x-wife, x-convict or x-patriot. A patriot is someone who loves his homeland but when he gets tired of being landless, homeless, without sustenance and covering he goes to another country where he is an x-patriot. After much research I came across the name Zamzummin. I thought this interesting because there are many tribes in Africa with names that begin with the letter 'Z'...Z as in Zulu. At Deuteronomy 2:20 it reads: "The Rephaim dwelt in it in former times and the Ammonites used to call them ZAMZUMMIN. (21) "They

- X sign for ten in math
- X symbol for a kiss

Yet, most words that begin with an X are pronounced as the letter 'Z', such as xylophone. A Zbec is a three masted boat of yore and xenos is a stranger, and a zinnia is a flower.

If it sounds like X, more than likely it begins with ex, not x. As a prefix it means 'former' as in

### Thoughts for the Week

by June Schmidt

Isn't it amazing that we wait all winter long in ND for the warm weather and when it comes, here we are complaining about the heat and how we wish it would cool down. Kind of gives one the opinion that we are not satisfied with what we get when it comes to the weather, but its kind of true. Given the heat that we have had the last couple of weeks, there are few that really are enjoying this right now. Since harvest is in full swing I guess that there are some farmers that are happy it is hot and dry and giving them time to get the crop off the fields. Then there are other crops that are not yet ready for harvest and need a shot of rain to finish up so those that have that crop really don't want all the heat as it is causing harm and a reduction in yields every day. Not sure what a happy medium is when it comes to the weather. What I do know for sure is that in time it will change and pretty soon we will be back in the cold weather complaining about it and wondering when it will get warm again. Go figure.

As in all things in life, we must experience the highs as well as the lows. If we had everything on an even keel, how would we know when we were experiencing a high or a low? How monotonous life would be if nothing ever changed - not that sometimes we can feel like we are doing the same thing every day, but it really is not so unless we make it so. Routine can make us feel like we are not moving forward as we would like, but to some routine is comforting. It can mean that we have found what makes us comfortable and secure. To know

where we stand, to have the ability to do what we like when we like it and feel good about it and possibly get paid for doing it, can make it all worthwhile.

Just like the weather changes, so does the rest of life. Children experience extreme highs and five minutes later when caught doing something that is not acceptable and chastised for it, can have the ability to experience an extreme low. Fortunately they are children and bouncing back between these extremes are normal. Its harder on the parents to watch them go through these phases than it is for the child but these things too shall pass. Age has a way of mellowing out some of those highs and lows so as long as they have patience and understanding one day this will get easier, but then again each child is different. Kind of like sports teams one day they are on top and the next time they are not.

The whole trick of the thing is to be able to ride out things as they come. Not that any of this is easy and it does take work on a daily basis no matter what stage of life you are in. A positive attitude can work wonders in most situations as we are basically hoping for things to turn out right. Having support from those that mean the most to us is crucial and when we don't have that support it can make it that much harder. It can seem insurmountable but we as human beings are a resilient species and given any chance whatsoever, we can accomplish anything

that we desire. So depending on what is happening in your life the most positive thing I heard this last week was at a low point of a friends life and I would like to share it with you: The Irish Prayer - May the road rise up to meet you. May the wind be always at your back. May the sun shine warm upon your face; the rains fall soft upon your fields and until we meet again, may God hold you in the palm of his hand. God Bless you All.

Overheard at a frug dance: "Let's sit this one out. My arms are killing me."

**A Little Birdie Told Me**

By: Vivian Hernandez

A Little Birdie Told Me: "The Labor Day Reunion in Almont ND is a Great Small Town Tradition." This was the second year we've attended the Labor Day Reunion in Almont and the 63rd Annual. Festivities started on Friday and concluded on Sunday with a parade and many other events.

Our Son-in-Law, Darrell Slavick is a John Deere tractor enthusiast and has restored several vintage tractors and a truck. This year Darrell with his Son Nikolai riding shotgun drove a 1948 International KB5 Truck with a 1939 John Deere H tractor on the flatbed. Darrell's friend and partner in crime Joel Berg drove a John Deere 720 Standard diesel tractor and neighbor Richard Mack drove a John Deere 720 Standard gas tractor.

The Grandsons collected enough candy to keep us all on a sugar high until Halloween. The bounce houses were a big hit with them as well.

The Almont Museum was open to the public so my Son, Nate and I took a trip down memory lane. It was a hot day and many people took advantage of the cool museum. Towards the back of the building theater seats are setup for movie

night and the funds raised are used for projects. Almont has many hidden treasures, Carolyn's Creamery, Almont Library and my personal favorite Gurine's House. This little house is filled with antiques, jewelry, homemade, jams and award winning soaps.

Dr. Leon Orris Jacobson born December 16, 1911 in neighboring Sims, ND and graduate of Almont would become one of the areas most notable residents. Leon graduated from the University of Chicago with a medical degree. He became a member of the university's staff in 1942 and became chairman of the department of medicine in 1961. During his career he made major impacts on chemotherapy and radiotherapy as a physician, radiologist, hematologist and medical researcher. He is a recipient of the North Dakota Roughrider Award and member of the University of North Dakota Hall of Fame.

After a lunch of roasted hot dogs it was back to the lake for more pontoon rides, kayaking and just relaxing on the beach it was 5:00 somewhere.
