RESULTS OF PATIENTS AFTER TREATMENT with GOLDEN SUNRISE NUTRACEUTICAL “METABOLIC Plan of Care”

Approximately 99%-of-patients treated with Golden Sunrise Nutraceutical’s *DetoxHerbs* (dietary supplement) found that their quality-of-life improved. These patients were treated with *DetoxHerbs* over the course of a few months and up to 6-years.

Physicians noted that implementing Golden Sunrise Nutraceutical’s *METABOLIC Plan of Care*, with Golden Sunrise Nutraceutical’s products produced a significant response in 99% of their patients. A reduction of symptoms in patient’s with conditions such as Alzheimer’s Disease, Amyotrophic Lateral Sclerosis (ALS), Autoimmune Disorders, Cancer, Constipation, Debilitating Chronic Pain, Diabetes, Epilepsy, Fibromyalgia, Fragile-X Syndrome, Hemostasis (less blood to be lost), Hypertention, Menopause, Multiple Sclerosis (MS), Obesity, Osteopenia, Parkinson’s Disease, Prostate, Schizophrenia, Stroke, Thalassemia, Viral Illesses and more.

The significant response observed by physicians and patients was a decrease in glucose levels, with no reported side-effects, such as dizziness or disorientation. Some have shown a drop in their blood sugar levels from 400-mg/dL to 50-mg/dL, and remained fine without the need for sugars. Patients also reported significant improvements in mood and skill development during treatments.

Patients being treated with Golden Sunrise Nutraceutical *METABOLIC Plan of Care* have shown dramatic improvements in bone density for patients. Numbers based on densitometry have shown a reversal in L1-L4 from -3.6% to 3.4% in 1-year.
