How We Do It

Arts & Culture: The GFWC Arts and Culture Community Service Program encourages members to promote and support art and cultural programs in their clubs and communities, and to expand understanding on every level, from local and regional to national and international. Our goal is to create projects that include crafts, dance, drama, food, music, and other manifestations of art and culture that develop skills, awareness, and appreciation. It is designed to inspire clubwomen and ignite within them a desire to make the world a more beautiful, thoughtful, and caring place.

Environment: The GFWC Environment Community Service Program encourages us to become stewards of the earth by working to preserve the world's resources, protect wildlife and domesticated animals, live sustainably, and beautify our communities and enjoy nature. Environmental degradation is cumulative, and many scientists warn that we are at a tipping point. There is no time like the present to act.

Education & Libraries: We aim to help others, while we also continue to learn. Projects in the Education and Libraries Community Service Program are designed to foster schools, as well as other educational institutions and opportunities. These projects promote libraries, literacy, and the love of a good book. Through these efforts, we encourage the growth of individuals and communities at home and around the world.

Health and Wellness: The human body, mind, and spirit comprise our health and wellness. To improve our well-being, we must address three key components: nutrition, disease prevention, and physical and emotional care. This Community Service Program aims to explore the various opportunities for awareness and advancement of each of these vital areas.

Civic Engagement & Outreach: The GFWC Civic Engagement and Outreach Community Service Program reminds GFWC members that each of us is a part of a larger society and is responsible for undertaking actions that will create a better quality of life and foster a sense of community—locally, regionally, nationally, and globally. This Community Service Program highlights and encourages citizenship; crime prevention, safety, and disaster preparedness; the needy, hungry, and homeless; and our military personnel and veterans.

Special Projects: Both GFWC and GFWC Kentucky will have special projects chosen by their Presidents during their administration. As well as our own BWC projects.

General Federation of Women's Clubs

Since it was founded in 1890, the General Federation of Women's Clubs has been a unifying force, bringing together local women's clubs from around the country and throughout the world. Although there is considerable diversity in the ages, interests, and experiences of GFWC clubwomen, all are united by a dedication to community improvement through volunteer service.

Accomplishments during GFWC's first century include: establishing 75 percent of the country's public libraries, developing kindergartens in public schools, and working for food and drug regulation.

During its second century, the Federation has pledged to maintain its commitment to working for a better world. With **"Unity in Diversity"** as its motto and a strong umbrella of programs that clubs may adapt to suit the needs of their communities, GFWC encourages the flexibility that has enabled it to expand its reach in a rapidly changing society.

Strength in Numbers – GFWC's Accomplishments

One needs to look no further than their local woman's club to find the key to community improvement. The dedications of our more than 70,000 GFWC clubwomen have made it possible to achieve the following:

- *Generously contributed \$180,000 for a fully-equipped ambulance to be used by the New York City Fire Department in response to the loss of equipment suffered as the result of 9/11.

- *Fulfilled a commitment to America's Promise by raising and donating over \$13.5 million in books and materials to public libraries and public school libraries through its Libraries 2000 Programs.

- *Partnered with the President's Commission on the Celebration of Women in American History in an effort to increase awareness of the important role women have played in local communities since our country was founded.

- *Sponsored a nationwide discussion on the changing roles of women through "Which Way Forward for Women?" forums.

- *Instituted Youth Suicide Prevention Programs and Safety for Older Americans Programs

- *Founded the GFWC Women's History and Resource Center

These and many more accomplishments are the reward for the hard work and lifelong dedication of GFWC clubwomen.

Benton Woman's Club

The Benton Woman's Club was founded in 1910 as the Corona Literary Club but became known as the Benton Woman's Club when it became federated in 1914 and joined the State and National Federations. Our club motto is **"not what I can get, but what I can give"** and we strive to honor that as we are involved in fundraising and volunteering in our community.

Our club is dedicated to serving the people of Marshall County through volunteer service. We try to fulfill all the areas of service as set forth by GFWC while striving to help better the community in which we live. We have had many accomplishments throughout the years, one of our club's biggest endeavors was the establishment of the Marshall County Library in 1954. In recent years, we are best known for the Paint the Town Pink Breast Cancer Awareness Events, Holiday Tour of Homes, and Wreaths Across America. Launched in 2025, we are hoping to make our Galentine Woman's Brunch Fair an annual event. We love giving back to the community that we love. If you would like to help us, you may do so by making a tax-deductible donation. You can designate it for any of our funds: The Scholarship Fund, the Paint the Town Pink Fund, or the Wreaths Across America Fund or non-specified for general purpose. The PTPP Fund provides either gas cards or cold therapy socks & gloves to women fighting breast cancer, The WAA fund helps us lay wreaths for Veterans, and the scholarship Fund provides Scholarships to female students.
