

Upcoming Competition Policy Change

Effective 5/1/22:

This is not a new policy BUT the date of PAST DUE to compete is a new policy! No Student with a Past due Balance will compete in an upcoming Competition! Past Due is considered after the 10th of a month! This has become a big issue. If you are Past Due and will not be competing, then I need time to adjust the routine. Waiting until the end of the month or day before is not enough time. If not clear on the 11th of the month you will sit out. **If past due over 60 days you will be removed from the team! This will be enforced! I hate that a few has forced this new date change! Thank you very much to all that pay on time.** No Student is allowed to perform in the Recital, so it is only fair that the same goes for Competitions.
