THE NEED WE SERVE

and why we humbly ask for your support

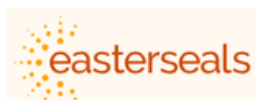

Our Mission:

To cultivate community through compassion, cooperation, and connection to the land, animals, and each other.

Community Partnerships

Our 2025–2026 season has been a year of incredible growth. To date, we have connected with over 15 partners to provide classes and programs to more than 950 children, teens, and adults. Many of the children we serve are visiting a farm for the very first time and are leaving with a new sense of wonder, curiosity, and appreciation for the environment and their role in caring for it.

We are proudly providing inclusive, hands-on programs that help people of all abilities build confidence, connection, and empathy through the healing power of nature and community.
