Diva — AND THE — **PLAYBOYS**

DIVAANDTHEPLAYBOYS.COM

All the best
songs from your
favorite playlist
on shuffle,
performed live,
onstage.

Diva and the Playboys tried to be a tribute band.
They tried to focus on one genre of music.
They even tried to choose a certain decade.
They worked to narrow down their repertoire and pick a single style.

They couldn't. They got bored.

Why would anyone want to settle for any one artist, era, or vibe?

From Dion to Dua Lipa, the Diva and the Playboys live show is a wild, interactive celebration of the complete history of pop music. From 1961 solid gold classics to today's viral hits, their meticulously curated repertoire of over 500 songs ensures music fans of all ages and tastes get a chance to dance.

With thousands of shows nationwide under their belts and over a century of combined performance experience, Diva and the Playboys is uniquely capable and qualified to perform virtually anything, anywhere, for anyone.
