Janet Wagner
CEO Sutter Health Mills-Peninsula
Mills-Peninsula Medical Center
1501 Trousdale Drive
Burlingame, CA 94010

Dear Ms. Wagner:

I am writing in support of reopening the Mickelson Center therapeutic pool in San Mateo. As the CEO of the Pomeroy Recreation and Rehabilitation Center in San Francisco I can personally attest to the value of a warm water therapeutic pool for the many citizens that can improve their quality of life by swimming, exercising and even just standing in a warm water, therapeutic pool environment.

The Pomeroy Center reopened our therapeutic pool last March, just one day after the San Francisco Department of Public Health amended their health order allowing us to do so. Immediately, our community of swimmers began to return and by June of this year, our attendance was back to where it was prior to the pandemic.

We have received numerous compliments about our willingness to reopen and provide a safe environment for our swimming community and, for many, being in our pool is the only pain free time they have during the day.

Our community needs more therapeutic swimming pools and I am sure Sutter Health can provide a safe environment for the swimming community in San Mateo. Please let me know if we can be of any assistance to you in reopening this valuable resource for your community. You can do this!

Sincerely,

David Dubinsky
Chief Executive Officer
