

SPONSORSHIP PROSPECTUS
56th North American Chemical Residue Workshop
July 21-24, 2019
Naples Grande Beach Resort ♦ Naples, Florida
www.nacrw.org

The North American Chemical Residue Workshop (NACRW) is a not-for-profit, 501(c) (3) corporation which holds an annual conference for scientists particularly interested in trace level analysis of pesticides, veterinary drug residues, and other chemicals in food, animal feed, and environmental samples. The purpose of the workshop is to provide training, develop and improve technical knowledge, facilitate development and distribution of new analysis methods and techniques, and establish networking to promote professional cooperation between scientists who share these interests. While the majority of attendees are from North America, important international speakers are always included in the Technical Program, and attendance of scientists from Asia, Europe, South America, Australia, and Africa is increasing annually.

NACRW is offering sponsorship opportunities to enhance the overall event for attendees and deliver the **highest-profile attention to your company before, during and after the meeting. Don't miss this investment opportunity to position your company in front of decision-makers.** Our goal is to make the conference affordable and accessible to as many attendees as possible.

Various Sponsorships (Platinum, Gold, Silver, Student Scholarships, Welcome Reception, and Friends of NACRW)

Platinum, Gold, and Silver sponsorships partially subsidize our social event and help defray costs of registration products. As we grow, NACRW is committed to maintaining our inviting atmosphere by increasing opportunities for attendees to interact with each other outside of the technical program. This year's social event will be held Monday evening, July 22, 2019, and will be held at the Naples Grande (host hotel). The social event will provide an excellent networking opportunity with fellow attendees!

There is also a sponsorship opportunity for the "Opening Welcome Reception" which is planned for Sunday evening, July 21, 2019. There will be a "Get to Know Your Sponsor" contest that requires interested attendees to visit your booth to be entered for a prize drawing during the meeting. Attendees love this! Also available is the Student Scholarship sponsorship which will assist in providing a scholarship of \$500 each for up to 7 students to attend and present a poster at the conference as well as attend at no cost. The sponsor(s) of this will announce and introduce the student scholarship winners during the conference.
