

Option #10

Home Made

Ice Cream

\$3.50

per person

As a complement to "Grandpa's Country Catering" or as a stand alone catering option, we are extremely excited to offer home made ice cream. This home made ice cream is produced with a totally restored 1929 John Deere Model E Hit & Miss gasoline engine or 1931 Maytag Washing Machine gasoline engine. The gasoline engine is coupled to a 20 or 8 quart stainless steel ice cream maker. If you are not familiar with the old hit & miss engines of yesteryear, they are a delight to watch as they are to hear! Your guests will be amused and entertained watching the ice cream making process. \$250 Minimum fee.

All Grandpa's Country Home Made Ice Cream is made with 14% butter fat. We do not skimp on the good stuff! Most processed ice cream is only about 8% butter fat. We offer two delicious flavors, Vanilla and Chocolate. Along with the ice cream we serve a variety of toppings including:

- Strawberry
- Carmel
- Pineapple
- Chocolate
- Butterscotch
- Peanuts
- M & M's
- Sprinkles
- Oreo Cookies
- Bowls
- Spoons
- Napkins
- Whipped Cream
