Sojourner HOUSE of HOPE

*A Ministry of
Sojourner Truth Ministries, Inc.*

Developing Concept of Sojourner House of Hope

- Short-term communal housing for women coming from homelessness
- Our goal is to see women who have fallen through the cracks in the community and society and to mentor them through the process of becoming self-sufficient.
- Sojourner House of Hope will extend the transforming, healing love and Truth of Jesus Christ to residents, who will participate in numerous activities such as financial literacy and budgeting, healthy boundaries, group devotions, anger management, life skills and more.
- All applicants are reviewed by a board for consideration to ensure the program and woman will be compatible.
- Sojourner House of Hope is not suitable for women in active addiction. Women with serious mental illness are still encouraged to apply and will be reviewed on a case-by-case basis.

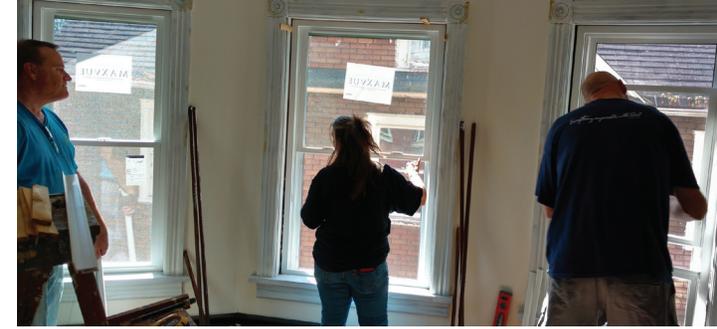

A Spiritually Rewarding Mentorship Opportunity

Becoming a mentor to a woman at Sojourner House of Hope will be a rewarding experience not only for the resident but also the mentor. Watching a woman grow in Christ and recover from a debilitating lifestyle is a true joy when one is able to share the trials and triumphs of the same circumstances.

Mentors will also have a variety of training to fully prepare for this long-term relationship during the woman's residency and beyond. Some of the trainings include Bridges Out of Poverty, a financial program, first aid, boundaries and anger management. A mentor will have demonstrated successful living and recovery in order to be an ideal candidate.

Mentorship opportunities are flexible, based on your availability, however will be for at least 6-9 months to see the graduate transition into society. Since each resident will have her own set of challenges and needs, the mentor and resident will determine their meeting schedule.

The house is being transformed by many, just as we hope to be part of many women's life ...

Transforming.
