## Safeguard conference

The "Helping Us" organization hosted this conference to provide parents with tools to help keep their children safe when it comes to the internet with resources, practical tools, and other important information. They were also encouraged to bring their kids where kids from 8-10 learned about the good versus bad when it comes to the TV and internet and learning good and bad ways to act in any type of relationship along with other activities. Young adults ages 11-17 learned about the risks when it comes to the internet and social media followed up by a self worth and value activity.

## Recent mentions

On the 25th of January 23abc published an article and video highlighting Senate Bill 14 going into effect and the large role both Ms.Perkins and Senator Shannon Grove played in the passing of the bill. Previously human trafficking hadn't been as harsh, but with this bill it makes this crime a serious felony and increases the intensity of the punishment for repeat offenders.
