Set up 'Auto Cashout'

The easiest way to manage your payments is to set up an Auto Cashout. Just click '**Cashout** in' your account menu, then select '**Add Auto Cashouts**' under Option 2.

Auto Cashout lets you transfer a percentage of your incoming funds to up to three saved cashout destinations automatically. For example, you could have 60% of your funds transferred to Bank Account A, 20% to Bank Account B, and 20% to Bank Account C. You can also choose between a daily or a monthly frequency for your Auto Cashouts.

It's really that simple -- just set it and forget it!
