EDUCATION BACKGROUND

Ferris State University

Bachelor's Degree in Applied Science | August 2023-Current

- Honed my skills as a 3D artist and began to build a powerful portfolio
- Learned to balance my personal and professional life

Associate's Degree in Applied Science | August 2020-May 2023

- Learned the basics and started to build my skills as a 3D artist
- Dean's List 2023

WORK EXPERIENCE

Community Advisor

Ferris State University | July 2023-Current

- Worked in a team that was responsible for keeping the community and residents safe
- Planned and ran events under a budget
- Received, processed, and handled mail for all the residents
- Performed quality and safety checks on buildings and dorms

Delivery Driver

Dominoes | May-November 2022

- Navigated the streets to deliver in a timely manner
- Worked with a team to keep a pizza shop running smoothly
- Handled money as a cashier

ACHIEVEMENTS

Game Jam 2025

- Worked as a team with my peers to create a game
- Pooled talents and communicated as a team to meet deliverables
- First hand experience of workflow to create a game.

Conference Associate

Game Developers Conference 2024

- Worked and made connections with other Conference Associates that were also passionate about the game industry
- Met and connected with industry professionals that worked on some of my favorite videogames
- Learned valuable information from various summits and presentations
