

## THE PLEDGE

I pledge to amplify the voices and stories of Black women entrepreneurs, providing them with the resources, opportunities, and connections they need to succeed and thrive.

I commit to creating a space where Black women entrepreneurs uplift and support one another, challenge systemic barriers, and break through limitations, all while building stronger businesses together.

I vow to lead by example, celebrate the resilience of Black women, and advocate for equality and inclusion in all spaces, knowing that empowering Black women empowers the world.
