Class Descriptions

Tutus & Tuxes- This is a 30 minutes class designed for the 2-3 year old just starting out! This class will include introductions to basic movement by dancing and gymnastics. It will be a lively class and is perfect to try if your little one may not be ready for a longer class with more structure.

Combo1,2,3- These are dance classes that combine ballet, tap and jazz into one 45 minute class. Combo 1 is for the younger dancer ages 3-4. After completing Combo 1 you will advance to Combo 2 ages 4-5 followed by Combo 3 ages 5-7. We teach basic movement, flexibility, and technique, and terminology. We like to learn in a positive and playful atmosphere. Exaggerated body movement and “game” like lessons are used to keep the classes fun and geared to the younger kids.

- All of our instructors have been trained in safety and the correct spotting techniques to ensure everyone's safety. Keep in mind accidents can happen.
- Our goal is to train and teach your child proper dance and gymnastics. The level at which we place your child is where we feel that they can learn the best and most effectively, safely, and correctly. Keep in mind that does not mean they will always get to be with their friends, or in the same classes as most of their age group. We will place your child in the class where they will benefit the most. Please allow us to do the best we can for your child.
