

## Public Speaking Ring with Kluj Alien Technology

**The Kluj are:** An alien group of Watchers and Galactic Diplomats who are kind, wise, and galactically-renowned public speakers from the Andromeda and M13 Galaxy.

**Item Description:** Made from a USA 50-Cent piece depicting John F. Kennedy, who was one of the greatest human public speakers of all time.

This symbol of poise, verbosity, and calmness is embedded with a Kluj Communication Disc (made from genuine Kluj *Tiranium*) before the ring is cut and re-forged into the beautiful piece of jewelry you see in the Earthworks Display Box!

*Pictured: Kluj Communication Disc imbedded in the Coin before The Re-Forging.*

This ring is great for students and professionals alike who need a little help with speaking in front of large groups (without having to use the famous but ineffective *picture everyone in their underwear trick!*)
