

Cuba Medical Mission

November 8th 2025 (Saturday) – November 14th 2025(Friday)

Cuba is a communist country where the government provides everything from housing to health care for its people. Even though Cuban doctors are well trained and skilled the country is lacking in medications to treat illness. We will focus on bringing hope and healing to the people of Cuba with a significant supply of critical medications during the health fair/clinic. We will also have an opportunity to tour Havana and experience architecture that dates to the 1920's. We will also have an opportunity to be taken around in a 1950's classic automobiles.

November 8th Saturday- Arrive- Havana Cuba. Free day.

November 9th Sunday- Medical/Dental Clinic
