

COMMISSIONING + START-UP MANAGEMENT

Smooth Transitions. Confident Operations.

At Evergreen Engineers, we specialize in smooth start-ups. From first energization to final turnover, our team ensures systems launch safely, on time, and with total confidence.

What We Do...

Mechanical & Electrical Completion

- Verify system installation and readiness
- Execute functional and performance testing
- Ensure safe start-up and code compliance

Pre-Commissioning Planning

- Develop step by step commissioning plans
- Align vendors, trades, and owners early
- Define system boundaries and success criteria

Start-Up Support & Turnover

- Troubleshoot system issues in real time
- Prepare documentation and training materials
- Deliver clean handoffs to operations teams

INNOVATIVE. ADAPTABLE. RELIABLE

WHY OUR CLIENTS TRUST US

- ✓ Proven process for fast, safe start-up
- ✓ Hands on collaboration with contractors
- ✓ Customized test plans and reporting
- ✓ On site expertise from start to turnover

WHO WE WORK WITH

From food processing plants to bulk material handling systems, we've commissioned projects across industrial sectors. Whether it's a greenfield build or a critical upgrade, we bring **boots-on-the-ground leadership** to help you launch with confidence.

LEARN MORE

Our Commissioning Process

Planning & Coordination

Before equipment even hits the site, we set the foundation:

- Define contractor deliverables
- Build a cohesive commissioning team
- Develop custom test plans & safety protocols

Factory Acceptance Testing (FAT)

We test major equipment off site to ensure specs are met and surprises are avoided.

- Hardware & software validation
- Catch issues early, before delivery

Electrical Completion

We verify construction is done right before moving forward.

- Punch list development
- System walkdowns
- Documentation review

Pre-Commissioning & Start-Up

Bringing systems online with intention.

- Energization, calibration & flushing
- Function testing and troubleshooting
- Safety and compliance checks

Turnover & Training

We don't walk away, we hand over with confidence.

- Final reports + checklists
- Operator training and walk throughs
- Smooth transition to operations
