DC DANCE CORE PROGRAM CLASS PLACEMENT PHILOSOPHY:

DC Dance is dedicated to providing quality technique based dance training. Placement in class is based on level of technique not age. We offer leveled classes I-IV beginning through advanced and placement is at the discretion of the Artistic Director or class instructor.

Our professional faculty is extremely diligent in choosing the correct class level for each student. It is very important to remember that all students are individuals with very different talents, skills, and ability levels and they will not all progress at the same rate. Two children of the same age and with the same number of years of dance training may have extremely different capabilities.

The teacher's judgment and placement should always be respected first and foremost since each individual student is evaluated by their trained eyes. Please trust that your child will be placed in a developmentally appropriate class that will allow for growth in both technique and self confidence. Your child's best interest always takes precedence in our decisions.

Class schedules may have age ranges and levels marked but are to be used only as a suggested guide for placement. Please note that upon the first week or two of taking the class, the student's instructor may recommend a more appropriate level class for optimal success for that student.

OTHER CONSIDERATIONS The number of times a student studies per week, and her/his attendance may also have an important influence on how quickly or she or he progresses.

ALL CLASS SIZES ARE LIMITED. CLASS WAIT LISTS WILL BE AVAILABLE IN ORDER OF ENROLLEMENT DATE.

Students are required to follow dress code for all classes. Please review the dress code policy so you or your student is prepared for class.
