A Message from the President

June is here with the presence of summer and warm sunny days coming up in our future. We are being allowed to start socializing, in some places with no masks, and our restrictions are slowly going away. I want to thank everyone for their participation with the Mother's Day Bouquet Sales, because of everyone's participation we raised almost \$1,700.00 not counting what is sitting in PayPal. This year we will be giving out 2- \$1,000.00 Scholarships. I have sent out to a few colleges so far. If anyone knows of a student that could benefit from our scholarship, please reach out to me. May's general meeting was so much fun, Thank You Lexi & White Oak Construction for hosting the meeting and a shout out to Carolyn for leading us in our 2nd paint night. The planning has begun for our Awards Banquet Dinner on June 18th at Danny's on the Green @ Creekside Golf Course. That evening we will be casting our ballots for our 2021-2022 Officer/Board positions and Announcing the New Board. We will be awarding our Chapters 1st "Hard Hat's & High Heels" Award given out that night as well. Some games, good food and great people, always a great evening. Please watch your emails for the Award nomination form and the Officer/Board ballot (must bring to the Awards Dinner to cast your vote). If you are unable to make it to the dinner then mail your ballot to the PO Box prior to the 18th. Must be received by the 18th to count it.

Julie Davis, President
Salem, OR Chapter #198

CTEC Minority Luncheons

The CTEC luncheons are going virtual. We had some great presentations to the girls last year and the school wants to build on that momentum. We are in the process of setting up a planning meeting. The planning meeting will consist of all the female teachers from the male dominated classes at CTEC (Construction, Manufacturing, Drones, Auto, and also Ag), the school’s counselor, and NAWIC. We should be having a virtual meeting later this month, to collaborate ideas on how best to have this virtually and what we would like to cover to help these teenagers navigate career choices within male dominated classrooms and fields. Email Juli Foscoli at juli@southtownglass.com if you would like to participate.

What We Have Done

2

Mother's Day Bouquet Sale

We had a successful fundraiser to benefit our scholarship fund. We raised over \$1,700. Adding this to our current fund, we will be able to give two \$1,000 scholarships this year. We are thankful to be able to help young adults pursue their construction dreams in college.

- 1) **Your Name** – *Robin Guzman*
- 2) **Company** – *AG Sadowski Company*
- 3) **Years with your employer** – *6.5 Years*
- 4) **Favorite Book** – *Absolute Power by David Baldacci*

5) **Who has been a mentor to you and why?**

I have had several mentors over the years, although they probably didn't know it. Haha! When I was starting out in the insurance business, colleges didn't yet offer insurance and risk management programs. I learned by doing, researching in books (the internet wasn't the great resource it is today at that time) and talking to knowledgeable people. Fortunately, I have worked with some amazing people and learned valuable lessons about how to approach business, people and problems.

6) **Day in the Life (describe a typical day at work)**

I handle insurance for commercial construction companies. So, first thing I do is read emails and respond to any questions or requests. I also gather underwriting information to market insurance renewals, prepare applications and spreadsheets, negotiate pricing and terms with the insurance companies, present proposals to clients, check policies and respond to clients' needs. I am responsible for ensuring companies have their insurance needs met to protect their assets and allow them to do their jobs without worry.

7) **What is your favorite part of your job and why?**

Problem solving. I like researching for solutions and helping people resolve issues. I also love spreadsheets. I spreadsheet everything. Sadly, I am not kidding.

8) **If you were living your childhood dream, what would you be doing?**

I would be the CEO of my own business.
