The Way the World Learns to Dive

PADI OPEN WATER DIVER

BE A PADI OPEN WATER DIVER – LEARN SOMETHING YOU’LL ENJOY FOR THE REST OF YOUR LIFE

If you’ve an appetite for excitement and adventure head on!

There are 3 simple steps to becoming a PADI Open Water Diver which is your ticket to dive!

1. Open Water theory – Knowledge development sessions teach you the crucial things divers need to know.
2. Pool or confined water dives – You’ll develop key practical scuba skills in a pool or pool like conditions.
3. The Open Water dives – Put your knowledge and skills into practice in the open water with your PADI instructor.

The Way the World Learns to Dive

¹ Prerequisite: Scuba Diver

² Additional prerequisites may apply

PADI

You will be participating in the following 3 Developments

KNOWLEDGE DEVELOPMENT

Knowledge Development teaches you about principles, concepts and terms that you need to know for safety and so you can enjoy diving

CONFINED WATER DIVES

You learn and practice scuba skills in a pool or water with pool-like conditions under direct instructor supervision. You also practice applying the principles and concepts you learn in Knowledge Development.

OPEN WATER DIVES CURRICULUM

Dives you make with your instructor at dives sites suited to beginning divers. During these dives, you practice, apply and demonstrate what you learn in Knowledge Development and during the Confined Water Dives.
