We are looking forward to expanding our performance venue and your experience next season. We have a plan to grow with more singers and broadening our expression in the community. With your help, we can grow with more shows, more available seats, and some great opportunities for the chorus to support choral education in Bay County. We have connections to the PC Symphony, Bay County Schools, and GCSC. We are working with all these contacts to broaden the affect of music in our community. You can make that possible with your support. We need to hire an Artistic Director, dedicated to bringing you the best possible experience in our concerts. (Our proposed budget is available at your request.)
