Cookie	Name	Purpose	More information
PHP Session ID	PHPSESSID	A session key which allows the website to keep track of activity relating to your session, allowing a smoother experience when using the website. No personally identifiable information is stored in this cookie. The duration of this cookie is only during the current session.	See www.onlamp.com
Google Analytics	_utma	Used to distinguish users and sessions. The cookie is created when the javascript library executes and no existing __utma cookies exists. The cookie is updated every time data is sent to Google Analytics. The expiration of this cookie is 2 years from set/update.	See developers.google.com
Google Analytics	_utmb	Used to determine new sessions/visits. The cookie is created when the javascript library executes and no existing __utmb cookies exists. The cookie is updated every time data is sent to Google Analytics. The expiration of this cookie is 30 mins from set/update.	See developers.google.com
Google Analytics	_utmc	Not used in ga.js. Set for interoperability with urchin.js. Historically, this cookie operated in conjunction with the __utmb cookie to determine whether the user was in a new session/visit. The expiration of this cookie occurs at the end of browser session.	See developers.google.com
Google Analytics	_utmt	This cookie is used to throttle request rate. The expiration of this cookie is 10 minutes.	See developers.google.com
Google Analytics	_utmz	This cookie stores the traffic source or campaign that explains how the user reached your site. The cookie is created when the javascript library executes and is updated every time data is sent to Google Analytics. The expiration of this cookie is 6 months from set/update.	See developers.google.com
Google Analytics	_ga	This cookie is used to distinguish users. The expiration time of this cookie is 2 years.	See developers.google.com
Google Analytics	_gat	This cookie is used to throttle request rate. The expiration time of this cookie is 10 minutes.	See developers.google.com
Lucky Orange	_lo_rid _lo_u _lo_v	This cookies are used to help improve usability and the customer experience. Lucky Orange may record mouse clicks, mouse movements and scrolling activity. Lucky Orange may record keystroke information that online customers enter on the Website. The expiration date of this cookies is 12 months.	See luckyorange.com/privacy.php
PHP Session	be_typo_user	A session key which tells the website whether or not a user is logged into the backend for the purposes of site administration. No personally identifiable information is stored in this cookie. The duration of this cookie is only during the current session.	See typo3.org
PHP Session	fe_typo_user	This cookie allows the site to keep persistent information across pages, based on the user's preferences and site activity. No personally identifiable information is stored in this cookie. The duration of this cookie is only during the current session.	See typo3.org
