

President's Report
March, 2025 - March, 2026

The Alumni Association has had a quite successful year. We transitioned to new officers in some positions on July 1, 2025 including Damon Madkin (Membership Secretary), Cassandra Hudson-Johnson (Executive Secretary), Sonja Starks (Vice President) and myself (President). Also, we elected two Members At Large, Lilly Nelson and Talatu Oyefeso.

Our support for the LAAA this year included financing two SMART Boards which represent cutting edge learning that enhances classroom instruction with a more dynamic and enriched learning environment. In December, we sponsored a trip for the entire school to see Debbie Allen's Hot Chocolate Nutcracker with hundreds of other students from local schools.

As an organization, we established committees to focus on various issues: Constitution and Bylaws changes, The Bridge Fund model, and several fundraisers. The Constitution and Bylaws committee has presented many changes that will be voted on in this meeting. The Bridge Fund was launched during the Divine Worship service. Fundraising is an ongoing effort.

One of our exciting plans is to have a series of Self-Care Days where Alumni Association members and friends can learn ways to take care of ourselves and to practice those ways. We hope to plan more events between Alumni Homecoming Weekends to better serve our alumni.

Continue to support the Alumni Association with your prayers, efforts and recurring giving. God bless you.
