Nyx, GREEK GODDESS of the Night

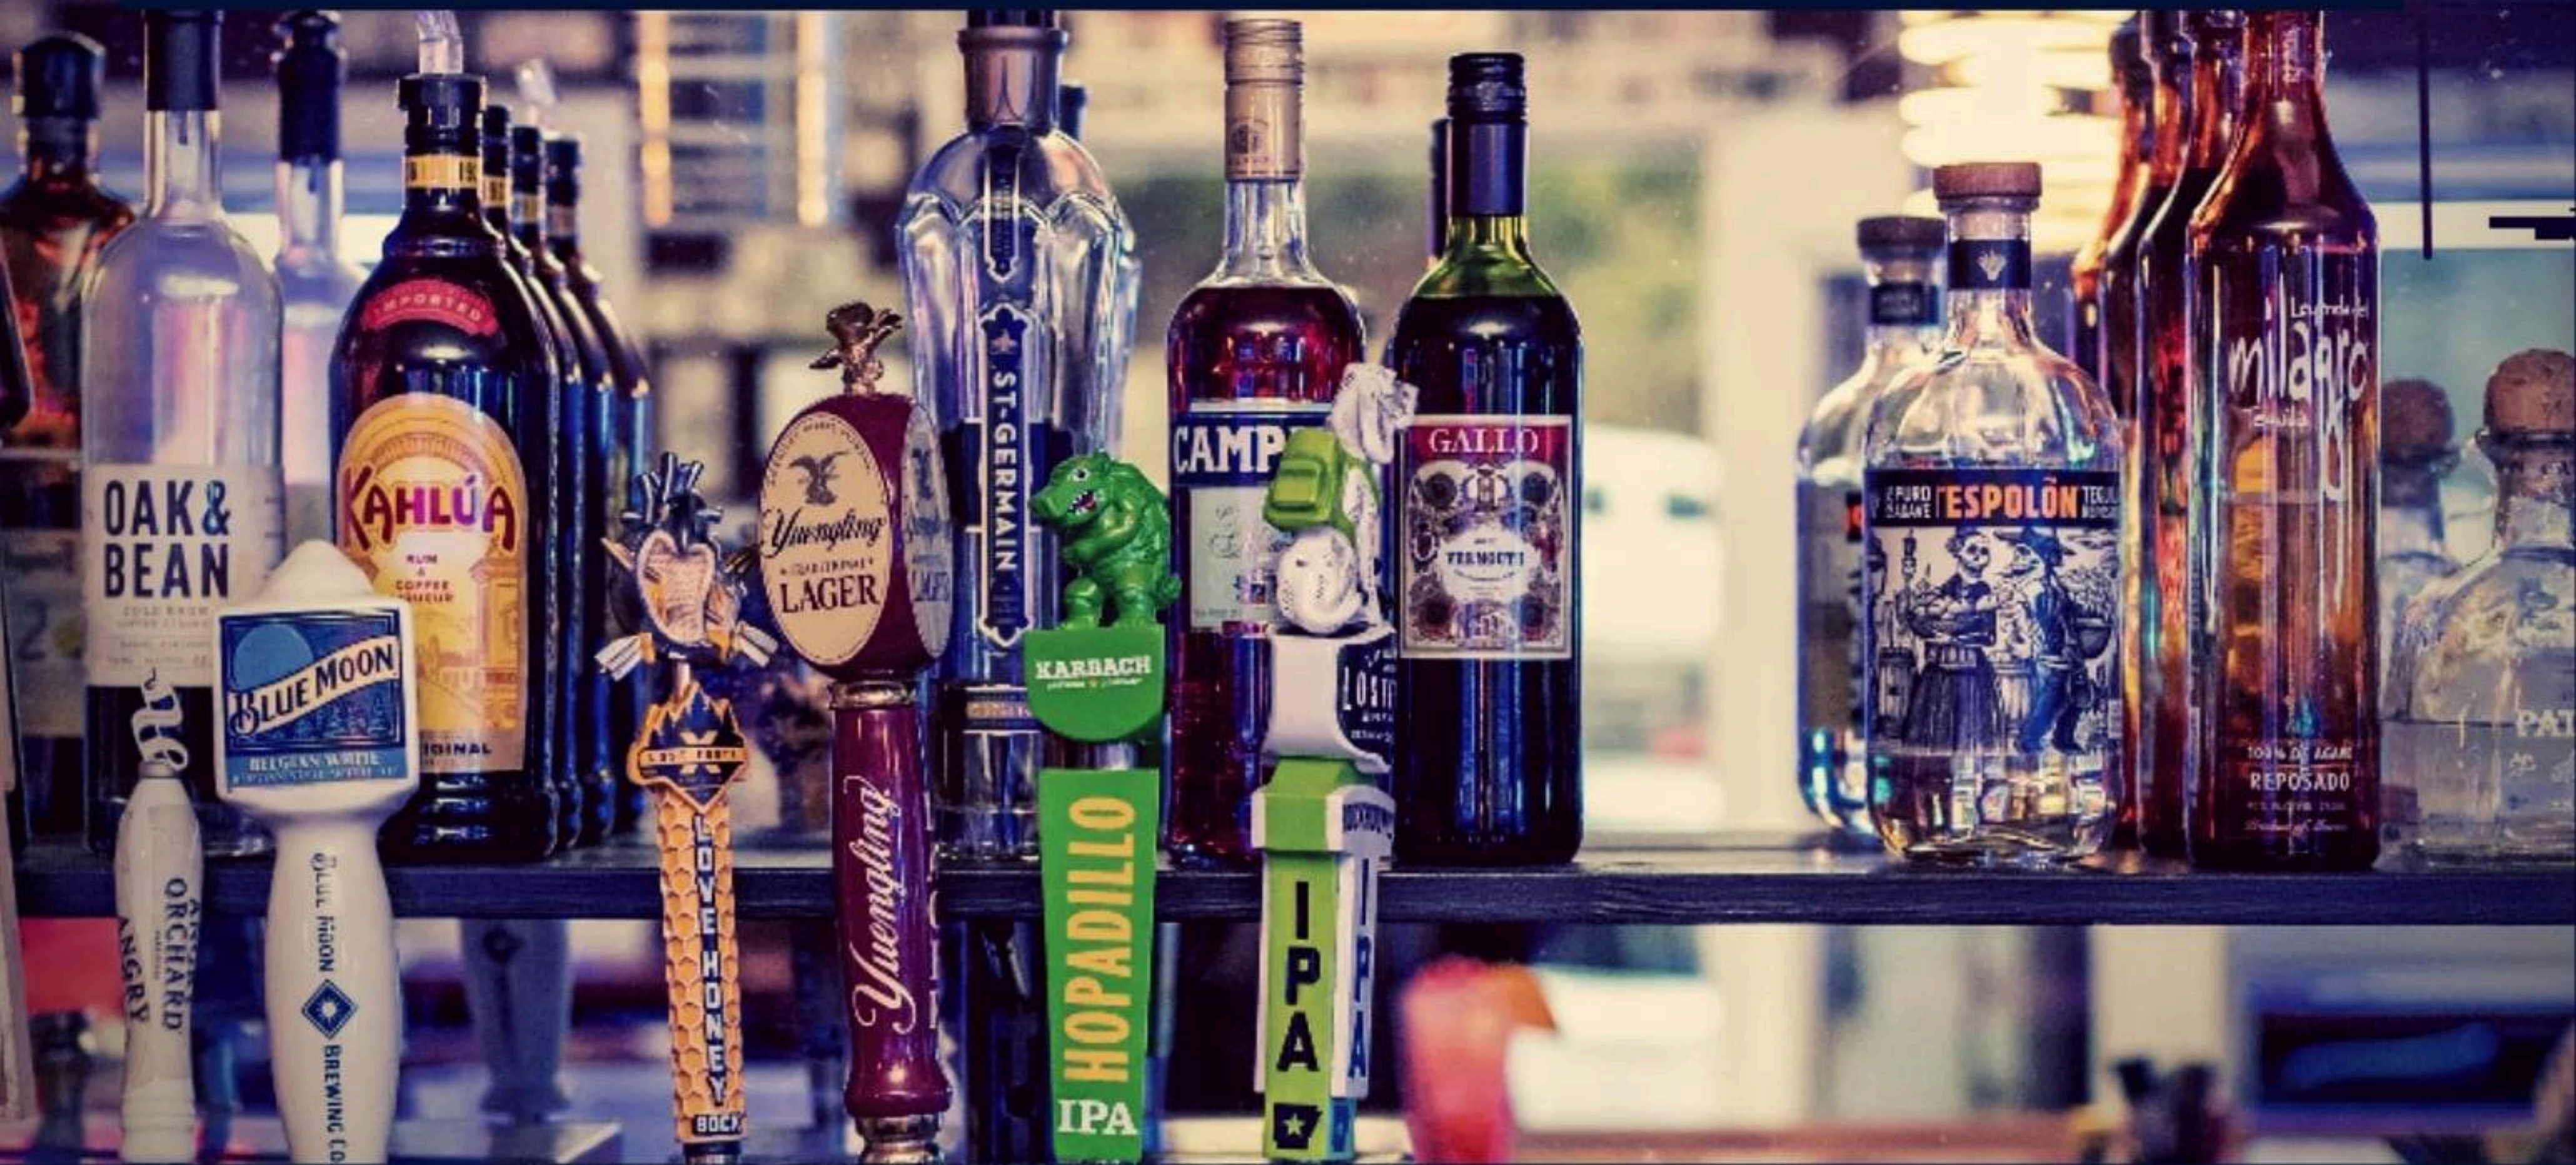

In the Greek creation story, one of the first elements to come into being was the night. Represented as the goddess Nyx, it was one of the primordial elements in which everything else, including gods, was created.

She was the daughter of Chaos and born not on Earth, but on Gaia. She is notoriously a very unique and powerful goddess. She has the ability to impact mankind in good ways and bad ways alike and possesses the ability to bring sleep or death to the human race. Because of this, she was feared by many. In fact, Zeus even feared Nyx because she was older and stronger than him.

Because of her mysterious and dark nature, many see her as more of a villain than she ever actually appears to be. Although she represented the fearful aspects of the night time, she could also be a source of love, comfort, and rest. For many people, Nyx was a benevolent goddess and had a very important roll as a mother in Greek Mythology.

Nyx Hot Rox™

OUR HAND-SELECTED STEAK IS USDA BLACK ANGUS BEEF, CAREFULLY CUT IN-HOUSE TO PROVIDE YOU WITH THE FRESHEST QUALITY MEAT, MAKING IT A SPECIALLY CRAFTED DELICACY YOU CAN'T PASS UP. WE SERVE EACH CUT TO YOUR TABLE ON OUR FAMOUS NYX HOT ROX™ VOLCANIC ROCK PLATTERS, WHICH ARE HEATED UP TO A TEMPERATURE OF 750 DEGREES AND THEN SEASONED WITH AROMATIC SPICES AND PURE HIMALAYAN SALT THAT CONTAIN MINERALS WIDELY KNOWN TO ENHANCE THE WELLBEING OF THE BODY, MIND, AND SPIRIT AND ALLEVIATE AILMENT. START BY CUTTING BITE SIZE PIECES AND LET THEM ROLL AND SIZZLE ON THE STONE UNTIL COOKED TO YOUR PERFECTION.

-CAUTION-

Our Nyx Hot Rox volcanic rocks are and stay **VERY HOT** for hours after they are served. For your safety, please refrain from touching them or the bottom of the platter and keep them from reach of children.

Consuming raw or undercooked meat could increase your risk of foodborn illness.

All volcanic rock platters are served with seasoning salt, steak sauce, and house compound butter and includes potatoes, seasonal vegetables, and a house salad.
