2. FIND each ★ **starred** booth location
3. Get Form **STAMPED** and, 4) be sure **drop it off** when you leave! (Hint: see Floorplan for help!)

Organic & Hatching Eggs

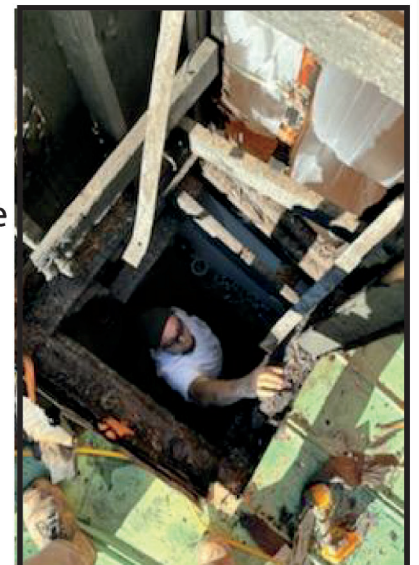

## Rebuilding For Our Neighbors

**Non-Profit Construction (NPC)** is its way to being El Dorado County's first 100%-free home builder right here in El Dorado County. **NPC** is dedicated to wildfire and disaster recovery rebuilding services. The organization is made up of skilled trade journeyman from multiple trades. There are no "middlemen" which means that donations following a wildfire immediately go directly towards rebuilding.

**NPC** is home rehabilitation organization based in El Dorado County that raises funds in order to provide free home rehabilitation services to seniors, veteran, disabled individuals and families of very low incomes. The organization specializes in raw land development with infrastructure, stick built, and modular home construction. Currently the organization is raising funds for a free and clear replacement home for a veteran whom has been displaced following the Caldor fire.

**NPC** has also been designed to meet the critical needs of our rural communities utilizing modular and manufactured homes to make single family homeownership more achievable. As Prefab homes have become increasingly advanced, the build times make homeownership much more feasible to low-income families. This promotes less dependency on El Dorado County welfare and government services and provides lower amounts of housing density in rural areas.

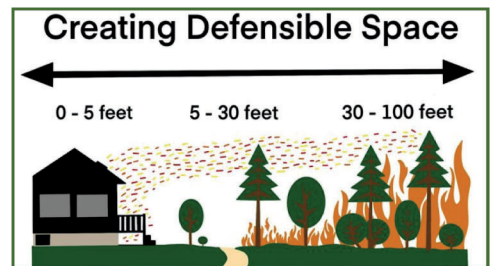

# PROTECT WHAT MATTERS MOST!

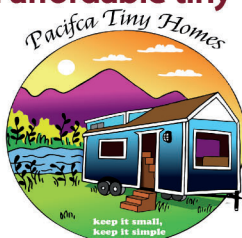

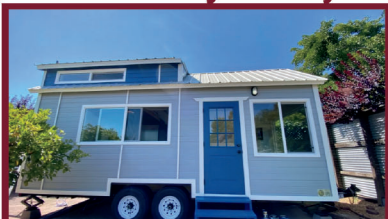

We know how to protect our homes from wildfire. Stop by our **FEATURED BOOTHS** dedicated to helping you protect your home. Learn how home hardening and proper defensible space, and how to work together during a fire. Here you will find education, resources, products and contractors to help you make informed decisions about your home and property. **Zone 0 requirements are coming.** Find out what this means for your home and property!
