

## Next Breath & WFF 2021

### From Water to Air; Scientific Pathways towards a Clearer, Cleaner Future.

#### Peter Friberg

Co-founder & director, Swedish Institute for Global Health Transformation (SIGHT) & Professor of global public health, Sahlgrenska Academy, Gothenburg university

**Talk Title** — The need for multisectoral action for human and planetary health

*"My vision and task is to make the most for a good health and well-being for today's and coming generations"*

Peter Friberg

Dr Peter Friberg co-founder and Director of the Swedish Institute for Global Health Transformation (SIGHT) at the Royal Swedish Academy of Sciences. He is professor at Sahlgrenska academy, University of Gothenburg and previously consultant at Sahlgrenska university hospital. He is the former president of the Swedish Society of Medicine, and has served as member of the committee for development research of the Swedish Research Council and chairperson of the health promotion and behaviour panel at Swedish Research Council for Health, Working Life and Welfare. His research is focused on the cardiovascular and psychosocial field in the young. He has been a visiting professor and honorable consultant at Great Ormond Street Hospital for sick children and Institute of Child Health/University College London. Since 2013 he serves as Inspector of the Sahlgrenska academy Student Union.
