About Digital Scan Solutions

Bruce Holroyd was employed by Eastman Kodak and Kodak Alaris for 32 years until he took early retirement to start his own business – Digital Scan Solutions to fulfill his dream of being able to service customer needs directly. Bruce has over 40 years' experience preserving old photographic memories.

Digital Scan Solutions has the capability to scan your photos (either as loose prints or from album pages), 35, 126, 127, 110mm slides, negatives and to convert video tapes to DVD's. With our specialized equipment, we can convert your photographic memories into a format that will treasure forever!

At no time, will any of your precious memories be shipped to any other facility. Some other service providers may ship your order across town or even half way across the world to be processed!

Digital Scan Solutions

*Memories last forever,
why not treat them that way?*

Our Services

Scan Photos, Documents, Slides and Negatives - Digitize into jpeg or TIFF files your photos or slides with color and contrast corrected. Store on DVD or Thumb drive, or let us send them to the Cloud for you.

Retouch Photos - Restore new life to your torn or folded photographs by repairing them to their original state, and into high quality, all-digital format.

Movie Film Transfer - Movie film formats include: 8mm, Super 8mm, 16mm. Our equipment is very gentle on your film – doesn't use sprockets, no claws or pinch rollers.

Memory/Tribute DVDs - Wedding, Birthday, Anniversary, Vacations, Graduations, Holidays. Scan photos and convert them into a digital production, complete with music and transitional effects.

Transfer DVD/Videotape - Create duplicate copies for you to distribute to your family and friends. Formats - VHS, VHS-C, 8 mm, Hi-8mm, Mini DV.

Cassettes - Our audio to digital services give your audio cassette tapes modern use and portability so you can enjoy in your car, home stereo or MP3 device

Improving your Images

Faded images from prints, slides or negatives will be restored to their original glory!

All original materials will be cared for as if it was our own. All items are under 24-hour video surveillance while in our lab.

Digital Scan Solutions is ready to help!

We here at Digital Scan Solutions stand ready to help you preserve your treasured memories not only for the short term but forever! Along with our partner, Forever.com, we can show you how your photographic memories can be passed on to future generations!

Why Digital Scan Solutions?

Leave it to Us

Doing it yourself doesn't always pan out. Rely on our knowledge and experience instead. Your Photographic Memories are in the best of hands.

We Truly Care

We use cutting-edge equipment, software and techniques with your Treasured Memories.

Our Promise to You

We promise to always provide value and outstanding service, regardless of the size or difficulty of your order.

You are Helping Research to find a cure for Alzheimer's Disease

Alzheimer's disease, also known as Alzheimer's, is a chronic neurodegenerative disease that usually starts slowly and gets worse over time. Alzheimer's is the only disease among the top 10 causes of death in America that cannot be prevented, cured or **even slowed**. **Digital Scan Solutions will donate 2% of all revenues to help fund research for finding a cure for Alzheimer's and other dementias.**
