

Every Percent matters

Every Percent Matters Foundation works to connect individuals with chronic health concerns, conditions or disorders, and disabilities to resources for acquiring service dogs and supporting their unique needs for care, connection, and community.

Every Percent because... matters

The 75% rule: Despite advances in medicine, many conditions have no cure or perfect treatment. For those affected, 100% health isn't attainable. We manage, fight, and thrive when we can, but a "normal" way of being isn't always possible.

Through this journey, we've learned the value of service dogs! Our dogs provide freedom, independence, pain relief, and comfort. Let us help you gain even one more percent—because here, every percent matters!

Business Partnerships

Every Percent Matters would love to partner with your business! We would love to set up a booth, sponsor your bar or restaurant, be a part of your day of giving, or whatever else you dream up! We're open to your ideas, and hearing what works best for you, and your business.

Educational Events!

We would love to visit local schools, groups, organizations, conferences, and more to teach the public about service dogs—what they are, what they aren't, what they can do, and how they improve the quality of life for their owners!
