

Free Spay & Neuter

PETSMART
Charities

Over the last five years the Community Clinic has completed nearly 50,000 spay/neuter surgeries for owned pets and other shelters and rescues around the state! When the mandatory coronavirus lock down started we were devastated to close the doors to our spay/neuter program as part of the City's occupancy requirements. Now, we are so happy to announce that our spay/neuter services are back open!

Thanks to an extremely generous grant by PetSmart Charities, we are offering free spay/neuter for owned pets in any parish in Louisiana! If you're interested in taking advantage of this offer don't delay because spots will fill up quickly!

To book your appointment call us at 504.368.5191 or email communityclinic@la-sPCA.org.
