

Microchipping Saves Lives!

What is a microchip?

A microchip is about the size of a grain of rice and contains a unique number used to identify animals when scanned by a shelter or vet.

Why microchip?

Microchipping your pet greatly increases your chances of being reunited and is required by Nevada law.

How effective are microchips?

A DOG IS
2.4 times
more likely to
make it home if
it is microchipped.

A CAT IS
21.4 times
more likely to
make it home if
it is microchipped.

Are you at risk?

1 IN 3 PETS

will become lost during its lifetime

ONLY 1 IN 10 PETS

returns home without an ID
