

Introducing Legend's Full-Motion Redbird MCX Simulator

Legend's proudly offers its cutting-edge **Redbird MCX Full-Motion Flight Simulator**, now available seven days a week at our facility. Designed to replicate realistic flight conditions, our FAA-approved Advanced Aviation Training Device (AATD) provides immersive, full-motion training scenarios. Pilots currently have the option of training in two aircraft configurations, each equipped with an advanced G1000 avionics suite:

- **Cessna 172:** \$85 per hour
- **Beechcraft Baron G58:** \$110 per hour

To further enhance value and flexibility, we offer discounted block pricing:

- **5-hour block:** save \$25
- **10-hour block:** save \$75
- **20-hour block:** save \$150

(Block rates are calculated based on the aircraft of your choice.)

The Redbird MCX simulator at Legends is ideal for pilots seeking:

- **Instrument proficiency and IFR currency including approaches and holds**
- **Emergency and abnormal situation training**
- **Transition and familiarization training in multi-engine aircraft**
- **Scenario-based training for challenging weather and airport conditions**

In-house instructor services are available for Private, Instrument and Multiengine training. Instructor services start at an additional \$85 an hour.

Legends MCX is an AATD being used under Part 61
