Notes

1. Bring proper hiking footwear. Your ankles will appreciate it. The hike consists of uphill, downhill, and valley traversing.
2. Prepare for ticks and other insects. Afterall, you are hiking in the woods.
3. Cell phone service is marginal at the cabin. Service should be available throughout most of the hike.
4. This is a small venue. A limited number of Hiking Passes will be available each day. Parking will be tight. Have patience! A parking attendant will be active during busy times.
