

THE EUROPEAN TOUR OF A LIFETIME!

Congratulations, European Traveler!

Get ready to expand your musical horizons with the tour of a lifetime to Europe in 2027! You're eligible as a student nominated by your director for this amazing opportunity!

Dear European Traveler,

Congratulations! You have been selected by your music director to receive this invitation for a musical performance tour of Europe during the Summer of 2027.

The Star of Pennsylvania is a select honor concert group composed of students from around the state chosen through director nominations. The 2027 tour will be the first for Pennsylvania as we become part of a tradition established by similar tours in other states led by very experienced and respected music directors.

The tour, scheduled for June 21–July 6, 2027, continues the tradition originally established years ago by Voyageurs International, Ltd., and has seen literally thousands of students and families travel to and perform in Europe for over 50 years.

More information about the tour may be found by scanning the QR Code in this brochure. You'll also find a list of meetings in your area, where complete details regarding the tour will be provided.

Congratulations on being selected! We look forward to seeing you and your parents at the meeting in your area.

Sincerely,

Dr. Adam Brennan  
Tour Director
