Out and About

Janet Goeske Center

On June 9th, President Donald Fleming and Mr. Stephen White went to the Janet Goeske center located in Riverside to give a talk on the Tuskegee Airmen. We have been asked

to speak at the center twice. Mr. Fleming does a wonderful job of engaging his audience and informing them on the Tuskegee Experience.

On June 23rd, the Black Pilots of America California Redtails hosted an Aviation Open House at Riverside Municipal Airport. It was designed to highlight African Americans in the aviation community, including Tuskegee Airmen. Our chapter had an informational table at the event.

National and Regional Elections

Those of you who paid dues early enough to meet the national deadline have received books and ballots for the election in the mail. Please take the time to read the information contained in the ballots and mail in your votes. This is a new way to approach the elections and allows those who cannot attend the convention to vote. It is more representative of the entire membership than in the past.
