

Root Beer and Checker Club - Old Pictures

Do You Recognize any of These Gentleman? (3 pages)

You probably remember the story. When we left the Knights of Columbus building in December 2009, Richard Huff rescued a packet of old photographs. So far, 14 former members of the Root beer and Checker Club have been identified by Nancy Crowell, Hal Redden, Jim Desmond and Mary Santry. They are indicated on the following pages. If you can add, or you think someone is mislabeled, please let us know. Thanks for giving some thought to this "labor of love" in identifying some of our predecessors.
