

Hello, Friends!

HOME-ARP

Thank you for your inquiry concerning the HOME-American Rescue Plan and funds received by the City of Gastonia. Gastonia's HOME-ARP allocation plan was approved by HUD in March 2023. To date, there has been no additional action. Within the coming months, a Request for Proposals (RFP) will be issued for the development of a Non-Congregate Shelter (NCS). You may frequent our webpage to obtain updates as they become available.

Land Disposition

As per the directive of Gastonia City Council, land disposition activities were ceased to evaluate the current inventory and determine the best and highest use for the property. In November 2023, Gastonia City Council adopted an Affordable Housing Plan which outlined eight (8) recommendations to spur affordable housing. The Affordable Housing Board held its initial meeting in October 2024, and was charged with reviewing the plan and making recommendations to council.
