

MISSION STATEMENT

Teach. Learn. Support

We will *teach* your children the art of dance and mutual respect in a fun, loving and safe environment.

We will help your children *learn* the mechanics of dance, while instilling in them the basics of partnership, camaraderie, respect and individuality.

We pride ourselves in being a NON-COMPETITIVE dance school – because not everything in a child's life needs to be a competition.

We welcome you, their parents and guardians, to *support* this process through your involvement in recitals, class trips and performance groups. We could not do all we do without you. We need you with your children during rehearsals and recitals to make them a success. Backstage is not complete without moms!

We always do our best to make your financial obligation to your child's dance education an affordable one; TNT is the only school in the area that charges per family, not per student.

At Taps N Toes, your children will be greeted by our friendly and caring staff, and we will be there to confidentially answer any questions or concerns you may have.
