PROPOSAL FOR Consulting Services
Ministry of Health & Wellness, Jamaica

Mr. Percival Palmer
Alumni, Calabar high school
876 863 0251

I am delighted to present my response to your request for a proposal to provide specialized Consulting Services to support the Career Development Programme at Calabar High School

As you have stated: *The alumni Association has an ambition to undertake specific actions aimed at helping the third form students, who are at a critical stage in their career decision making to make informed career choice by exposing them to relevant information and doing an assessment based on various variables such as interest, values and abilities. This project is of vital importance as the career decision students make at this stage will impact their further career decision. The career assessment instrument to be used has proven to be used in some high schools. For example, DeCarteret College and Clarendon College.*

In order to achieve your goal as alumni, you require a consultant with very specialized expertise in the area of career development that will support you in delivering your ambition.

I would be pleased to bring my experience and expertise and partner with you on this journey. I believe I am that Consultant.

Find enclosed detailed information and I look forward to hearing from you.

Best Wishes,

Merrit Henry, PhD., J.P.
