PHYSICIAN SCHEDULING SERVICES

SRS Marketing can save staff time by scheduling medical appointments. With Workers' Compensation, we verify MPNs and show proof that the physician is on the MPN as of the date the appointment is scheduled. Personal Injury physicians offer timely appointments.

SRS's physicians are widely respected by both applicant and defense bars and are frequently selected for the above evaluations. Our doctors are promptly available and issue timely and thorough evaluations that are consistently evidence based. Reports are always based on reasonable medical probability and are considered substantial medical evidence. The evaluations include appropriate testing, address both parties' concerns, contain a thorough review of records, and address applicable labor code and case law. The comprehensive and prompt reports help reduce case length, facilitate settlement, and reduce the need for supplemental reports and depositions. When supplemental reports or depositions are requested, our doctors will rapidly respond to meet your needs. From start to finish, the evaluation process will be professionally handled by our network of physicians.
