

September 2020 – *The year the US imploded*

Martha McSally
404 Russell Senate Office Building
Washington, D.C. 20510

Ms. McSally,

We the People Hold You Responsible!

As you are aware, you are doing our country a great disservice by standing beside and behind the Impeached-President of these once fine United States. You have enabled this dishonest, corrupt, hateful, divisive, mentally deficient, man-child in seizing untold and unconferrred “powers” to do whatever he likes with no responsibility to anyone and no consequences for his unprecedented actions. Then you approved madman William Barr to back him up!

You and other Republicans in Washington have become sycophants complicit in enabling trump's destructive actions and you are indifferent to the injury he is causing our once great country. Each of you personally bears a huge share of responsibility for the incredible divides you have enabled in this country.

Is your fear of trump so great that you are willing to kill thousands of Americans in this all-consuming Covid pandemic? Is your need for power so great that you are willing to aid in the downfall of the United States as a world power, to become a country to be pitied and looked down upon? What *your* president once called a “shit hole?” SHAME, SHAME, SHAME ON YOU!

We, your citizens, are deeply disappointed by the failure of the US Senate to confront the open corruption, incompetence, immorality and illegality of trump, barr, and most of the current administration. Where are the Henry Clays, the Daniel Websters, the John M^cCains who resolved to defend the independence of the Congress and preserve the system of checks and balances that worked well in the past?

You have lost your moral compass and descended into the hell known as trumpdom. In Michael Cohen's book – *Disloyal* – he describes his downward spiral into the web of trump's fame – is that what happened to you?

Trump has...

- sought the alliance of dictators: Russia, China, Turkey, North Korea, Philippines, Brazil;
- enabled V. Putin's invasive actions in the Ukraine;
- **been disloyal in not calling out Russia's bounties on our soldiers; You're a Vet!!**
- not stood against Russia's poisoning of political opponents;
- followed the authoritarian's guide to dictatorship starting with demeaning the free press – a cornerstone of democracy.

YOU ARE RESPONSIBLE! *Your non-action will be remembered at the voting polls!*
