

FEATURING A 52" WALL

# THE ALEXANDER

presented by:

*the story...*

Alexander Falls is a waterfall on Madeley Creek, in the Callaghan Valley area of the Sea to Sky Country. This region in British Columbia spreads from Horseshoe Bay through Whistler to the Pemberton Valley – and sometimes beyond to include Birken and D'Arcy. The falls consist of three drops that total up to 141 feet in total and are about 40 feet wide!

Just like The Alexander Falls, this swimming pool is beautiful to behold!
