

HART COUNTY ROAD SYSTEM

KOC 620.4

WHEREAS, the Hart County Fiscal Court established a formal road system by county ordinance KOC 620.1 enacted the 18th day of September, 1979; and,

WHEREAS, five (5) additional roads were added to that system by KOC 602.2 and three (3) additional roads added to that system by KOC 620.3; and,

WHEREAS, roads need to be added to the road system and roads deleted and changes need to be made in the existing roads, i.e. names, spelling, lengths and numbers; and,

WHEREAS, it is the belief of the county road supervisor and the fiscal court that all county roads now serving a legitimate public purpose and are with this ordinance being included in the county road system and all other county roads not serving a legitimate purpose should at this time be formally closed; and,

WHEREAS, KRS 178.116 has authorized the closing of public roads without the elimination of necessary access by private persons; and,

WHEREAS, all roads to be taken in after this ordinance need to meet standards as required by KRS 179.470 and because the fiscal court has only the ability to maintain roads rather than build roads;

Be it ordained by the Hart County Fiscal Court, Commonwealth of Kentucky:

That the Hart County Fiscal Court does hereby declare its intention to close and discontinue all county roads not listed in KOC 620.1; 620.2, and 620.3, which are incorporated herein by reference and contained in this ordinance and for the purposes of said discontinuance and under authority of KRS 178.070 does hereby appoint TOM HOUK, County Road Supervisor, and WADE GLASS and FRANKLIN PUCKETT as viewers to report back to this court in writing what inconvenience would result from said discontinuance.

The Hart County Fiscal Court does hereby further authorize the placing of three (3) public notices and the advertising of said discontinuance of the roads by the county judge executive pursuant to KRS Chapter 424 .

After the report of the viewers having been presented to the fiscal court, properly advertised and the necessary hearings held;

BE IT ORDAINED that all roads not incorporated in KOC 620.1; 620.2, and 620.3 and contained in this ordinance are declared closed, subject to the necessary access by private persons as authorized by KRS 178.116.

This ordinance shall take effect after the report of the viewers having been properly advertised in publication and the hearing held according to law.

BE IT FURTHER ORDAINED that henceforth county roads shall be taken into the county system upon petition, only after fifty per cent (50%) of the abutting landowners agree in writing to accept county maintenance

and under the terms and conditions of KRS 179.470 incorporated herein by reference and that said petition shall contain the following items which are henceforth to be considered as minimum standards:

The petition shall contain the following:

1. Surveyed-center line and legal description of proposed road prepared by a licensed Kentucky registered land surveyor.
2. A copy of all property owners deeds and a certification of title certifying good, marketable and fee simple title in the property owners proposing to deed the road right of way to the county.
3. Certification by the property owners that fences, buildings, gates and cattle gates have been removed from the proposed county road and right of way.
4. Road right of way must have a minimum of forty (40) feet with a minimum of eighteen (18) foot gravel surface with four (4) inches of compressed gravel and properly ditched and tiled.
5. Property owners shall provide necessary entrance tile to houses, and drives which shall be installed by the county right of way crew after acceptance of the road.
6. Road banks shall be stabilized and in grass or other suitable cover.
7. Road surface shall be smooth and properly graded and crowned.

Prior to acceptance in the county road system, the county road engineer shall certify to the fiscal court that all the minimum standards have been complied with and the report shall be in writing.

Before any county road may be accepted into the county road system and in addition to the minimum standards, the road must serve a public purpose and in order to serve a public purpose or purposes, it shall meet three (3) of the five (5) following qualifications:

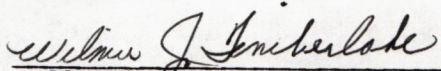

- a. Have three (3) occupied houses per mile.
- b. Be a mail route.
- c. Be a milk route.
- d. Be a school bus route.
- e. Serve as a farm to market road for cash crops.

Enacted this the 5 day of January, 1982.

COUNTY JUDGE EXECUTIVE

ATTESTED:

COUNTY COURT CLERK

HART COUNTY ROAD SYSTEM

**** The right-of-way and surface width provided is an estimated figure and for informational purposes only.

**** Unless otherwise indicated by Avenue, Drive, Lane, Loop, Street, or Way all proposed names will be Roads.
