We have reviewed the accompanying balance sheet of Seabrook Village Association (a non-profit homeowner's association) as of August 31, 2022 and the related statement of income and retained earnings, and cash flows for the year then ended. A review includes primarily applying analytical procedures to management's financial data and making inquiries of Association management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United State of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance that are no material modifications that should be made to the financial statements. We believe that the results of our procedures provide a reasonable basis for our report.

The Associations policy is to prepare its financial statements on the cash basis of accounting, which is a comprehensive basis of accounting other than GAAP.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with the cash basis of accounting, as described in the preceding paragraph.

Seabrook Village Association has not estimated the remaining lives and replacement costs of the common property and, therefore, has not presented supplemental information on future repairs and replacements that accounting principles generally accepted in the United States of America has determined is required to supplement, although not required to be a part of, the basic financial statements.

Seabrook Village Association
Notes to Financial Statements
August 31, 2022

Note 1: Organization

Seabrook Village Association is a non-profit homeowner's association formed to maintain the common areas of Seabrook Village, in Mashpee, Massachusetts.

Note 2: Member Assessments

Association members are subject to annual assessments to provide funds for the Associations operating expenses. Accounts receivable at the balance sheet date represent fees due from unit owners.

Note 3: Investments

SFAS No. 115 requires that trading securities and available for sale securities be accounted for at fair value.

Note 4: Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 5: Future Major Repairs and Replacements

The Association's governing documents do not require the accumulation of funds to finance estimated future major repairs and replacements. The Association has not conducted a study to determine the remaining useful lives of the components of common property and estimates of the costs of major repairs and replacements that may be required in the future, nor has the board of directors developed a plan to fund those needs. When funds are required for major repairs and replacements, the Association plans to borrow, increase maintenance assessments, or delay repairs and replacements until funds are available. The effect on future assessments has not been determined.

**Seabrook Village Association
Notes to Financial Statements
August 31, 2022**

Note 6: Income Taxes

The Association is taxed as a homeowner's association and files Federal Form 1120H and Massachusetts Form 3M and is taxed only on non-membership income such as interest and dividends.

The taxes paid during the year ending August 31, 2022 were:

Federal	\$ 451.00
State	<u>80.00</u>
Total	<u>\$ 531.00</u>
