**President's Report-Chris Geatrakas**

Chris thanked the directors and volunteers who served the past year on the Seabrook Village Homeowner's Association. The priority of the directors has been the restatement of the association and covenants. The committee engaged with a new attorney, Matthew Fitzsimmons, who filed a petition in April with the Land Court which was denied. A sub-committee was formed to review the current covenants. The covenants are now with the attorney who is guiding the directors on the process moving forward to have the covenants reinstated. Volunteers will be needed to help obtain home owners approval for the final document. An email notification will be emailed to homeowners notifying them when a copy of the draft has been posted to the website.

Tennis Court is in need of repair. A small area of the tennis court has been repaired with a different treatment as a test. The board will circulate a survey to the community for feedback on the tennis court use.

The Board's approach in 2023-2024 was to generate as much return on the funds as possible without taking any risks, and let the money work for the members of the Association.

This approach consists of 3 layers:

- Checking account – no interest, base balance around \$3,000, payment of day-to-day expenses
- Money market account – 1.75% interest, working as overflow/saving account
- CD account – 4-4.75% interest, locked in and not needed short term
- 

The first CD renewed on October 2, renewal rate 4% for 4 months. The second CD renewed on October 31, 2023, and was renewed at 4.25% for 4 months. Both were up for another renewal in February 2024: February 2 and February 29; and were renewed for another 4 months at the higher rate of 4.75%. In June 2024, both renewed again for 4 months at 4.75%.
