TRANSPARENCY IN SUPPLY OF MODERN SLAVERY ACT POLICY

MAY 2025

INTRODUCTION

At Thriveology Wellness CIC, we are committed to ensuring transparency in our supply chain to help prevent modern slavery and human trafficking. We believe in conducting business ethically and responsibly, and we expect the same from our suppliers and partners.

As part of our commitment to preventing modern slavery, we will:

1. Conduct due diligence on our supply chain to identify and assess the risk of modern slavery and human trafficking.
2. Require our suppliers to comply with all applicable laws and regulations related to modern slavery and human trafficking.
3. Provide training and guidance to our employees and suppliers on identifying and reporting any instances of modern slavery.
4. Take appropriate action against any suppliers found to be involved in modern slavery, including termination of contracts.
5. Encourage collaboration with industry partners and organisations to combat modern slavery and human trafficking.
6. Regularly review and update our policies and procedures to ensure compliance with the Transparency in Supply of Modern Slavery Act 2015.

By implementing this policy, we aim to create a supply chain that is free from modern slavery and human trafficking. We are committed to working towards a more transparent and ethical business environment for all stakeholders.

Rebecca Jones

Company Director
