# I am excited to be a new executive contributor for Brainz Magazine.

"There comes a time in each person's life when we have to set our fears aside and take a leap. It may take everything within us to take the first step, but we will not be disappointed when we finally put our everything into it. When we finally find the courage within to move forward, we look back realizing that the emotion and ego created an illusion above and beyond the actual reality."

**Topic: Spaces To Move Though The Story Of Stress** 

Wednesday May 11th, 2022 11:30am PST, 2:30pm EST, 7:30pm UK and Angola

In this episode of Today's Conversation, Ivy.i Barreto joins Enolia & Sara Jane to share insights about "Navigating stress & spaces through storytelling", the ins and outs of stress.

- $\cdot$  How your physical spaces impact you and your environment.
- · How stress has a lot to do with it.

They will be giving tactics in navigating your physical and emotional spaces to work for your advantage in reducing stress and anxiety levels, from the past and leverage emotions into the present.

Also how moving, rearranging objects, dialogue engagement with objects can help heal and reduce

the spaces temperature levels in mediating crises.

How visualization can be soothing while breathing and recreating imaginary scenarios.

Tools such as art therapy can be helpful & beneficial in reengineering mindset and setting the body, mind and soul free. Granting individuals peace, congruence and financial freedom in some cases.

Topic: Trauma: The Hidden Dragon

Wednesday, May 25th, 2022 11:30 am PST, 2:30 pm EST, 7:30 pm UK and Angola

Trauma is hidden in plain sight within our body tissues and organs, our mind, brain, and nervous system from conception.

Do we have a chance to live a calm, healthy and happy life cloaked in this traumatic energy?

How do the old, ancient, and newer traumas affect us, and how do we handle physical mental, and emotional crises?

Can we reset, release and learn from these hidden challenges?

Join Enolia, Sara Jane & their Guest Mary Wolken Ph.D. Trauma, Memory, and Learning Improvement specialist, as they explore these questions and share answers from their own experiences.
